Over - Loaded Boat Cause of Drowning in Lake Catherine

Mrs. Higne Hasney Loses Life When Picnickers' Boat Overturns

RESCUE SQUAD SEEKS BODY

Members of the Antioch Rescue Squad today were continuing their search for the body of Mrs. Higne Hasney, 20, of 1511 Laurel avenue, Waukegan, who was drowned Monday night in Lake Catherine. She was the eighth drowning victim in Lake county waters so far this year.

The tragedy followed a gay picnic of the Torchbearers club, an affiliate of the Salvation Army, held on the island which separates Lake Catherine from Channel lake. Chester W. Hasney, head of the Torchbearers club, was taking his son, William, and daughter-in-law, Higne, and four girls from the island to his place farther south on the lake in a rowboat.

Boat Overturns
When the boat had moved 200 feet from the island it sank in the water and the young people became panicky, according to those near the scene. Mrs. Hasney disappeared but the six other occupants swam to safety or were rescued. Two of the young girls were helped to shore by the husband of the victim, while three local boys, Paul Sterbenz, and Tom and Harry Quilty, were preparing to take a late swim and sped to the scene to rescue the others. Miss Sophie Sanchez, 16, of 213 S. Utica street, Waukegan, swam to the mainland and then collapsed.

Others rescued in the tragedy were Eleanor Schroeder, 12, of 2111 Ezekiel, Zion; Ethel Stevens, 16, of 239 S. Park avenue, and Louise DeSota, 15, of Grand avenue, Waukegan. Miss Sanchez was taken to the home of Mr. and Mrs. William Cooper, and Miss Stevens was taken to the home of Mr. and Mrs. C. K. Anderson, where first aid was given and where they spent the night. Anderson, first to learn of the tragedy, called the rescue squad, and in the meantime, Dr. A. N. Berke was summoned to the Cooper home to give treatment to Miss Sanchez.

Squad members headed by Capt. Herman Holbek and Lieut. W. I. Scott dragged the waters until early morning for the body of Mrs. Hasney, but without success. Tuesday their efforts were renewed throughout the day and at night, as last night, an under-water light was employed in the hope of locating the body.

A year ago the channel between the two lakes was dredged, and workmen located waters of great depth in some parts of the lake. Soundings at some points indicated depths of 195 feet.

Rescue squad members expressed appreciation for the helpful cooperation they received at the Anderson and Cooper homes in caring for the rescued persons.

Young men of the community also have given valuable aid to the rescue crew and have been anxious to help in every way possible.

JOHN MURRAY, BORN IN SCOTLAND, DIES HERE AT AGE OF 80

John Murray, 80, died Monday at his home just north of Antioch, following a long period of ill health due to a complication of diseases common to advancing age.

The deceased was born in Lead Hills, Scotland, Dec. 6, 1862, and came to America in his early manhood. He had made his home here for the past 30 years. For several years he was connected with the furniture business in Chicago, and since retiring he has devoted his time to his small farm north of Antioch.

He leaves his wife, Margaret, who before her marriage was Miss Margaret McCartney, who also was born in Scotland.

Funeral services were held yesterday afternoon at two o'clock from the Strang funeral home, and burial was in Hillside cemetery.

Bachelor of Music Degree Conferred on Syd. Hughes

Sidney Hughes was graduated from Illinois Wesleyan University at Bloomington at the commencement exercises held Monday morning. His parents, Mr. and Mrs. Carl Hughes, were present at the exercises and saw their son receive his degree as Bachelor of Music. Sidney is now considering what branch of the U. S. service he will enter.

BURNETTE CHOSEN FOR RADIO SCHOOL

Raymond Burnette, eldest son of Mr. and Mrs. Sheridan Burnette, who has been employed in the civil service Radio Division of the Signal Corps in Philadelphia for the past six months, is one of those chosen to attend a radio school in Baltimore to further his training in signal service work. The selections for entrants in the school are made on merit and only a few men employed in signal corps work get this chance for advancement.

Burnette's wife and family joined him recently in Philadelphia.

Bass Season Opens Monday

Fishermen are anxiously awaiting the opening of bass open season in the Northern Illinois zone Monday, June 15, and are all set to go after the big ones in chain of lakes waters on that date.

Confusion arose here this week when Game Warden Henry Kern of Waukegan announced that the season for bass does not open until June 16, and he produced a chart showing all closed dates blacked out and it included June 15. The warden said he interpreted the game code to mean "after June 15."

Here is what the Illinois Game and Fish Code booklet has to say regarding open seasons:

"Open seasons. (All dates inclusive). Bass (large and small mouth black)—Northern Zone—June 15 to March 31 (hook and line only)—daily limit, 10."

Village Clerk R. L. Murrie, who sells fishing licenses, says he is inclined to take the law for it, and local fishermen also regard the season opening as June 15. Let's go fishing Monday.

Chain o' Lakes Boat Club to Hold Red Cross Races Sunday

Thrilling speed boat races under the auspices of the Chain O' Lakes Boat Club will be staged this Sunday, June 14, at Bill Mertes' Oak Park hotel on Pistakee Bay as a benefit for the American Red Cross. This will be the second event of the 1942 racing season.

Beautiful girls dressed in lovely costumes and wearing the emblems of the Red Cross will solicit contributions during the day. The boat club has made an assessment against all members and this fund will be turned over to the Red Cross.

Speed, 70 M. P. H.
The boat club anticipates a large crowd to witness the races which are sure to be thrilling. In past years the races have been instrumental in bringing throngs of people to the lake.

The events are for both inboard and outboard classes, and some of the craft attain speeds of more than 70 miles per hour while the outboard boats travel up to 35 miles per hour.

The schedule of races for the 1942 season follows:

June 28, The Falcon on Point Comfort, on Nippersink Lake, Ed Falconetti, owner.

July 5, American Legion race at McHenry on the Fox River. This event will wind up a big 4th of July celebration.

July 19, Ma Schulz', on Nippersink Lake, Fox Lake, Illinois.

July 26, Helvetia Hotel, on Pistakee Lake, Fox Lake, Illinois.

August 9, The Falcon, on Nippersink Lake on Point Comfort, Fox Lake, Ill.

August 16, The Roxana, Ed Tierney, prop., on the east shore of Fox Lake, Ingleside, Ill.

August 23, Ma Schulz' Regatta on Nippersink Lake, Fox Lake, Ill.

Sept. 7, Bill Wolf's "Town Club" at McHenry, Ill., race to be held on Fox River.

Sept. 20, Oak Park Hotel on Pistakee Bay, Bill Mertes, prop. This will be the last race of the 1942 racing season.

Arnold L. Bigelow Dies in Washington

Arnold L. Bigelow, 62, of Pershastin, Wash., formerly of LaGrange, Ill., and a summer resident of the lakes region for many years, died on May 30, according to word reaching Antioch this week. He was taken ill and passed away while enroute to a hospital at Wenatchee, Wash., 20 miles from his home. Acute edema was the cause of his death, physicians said.

He leaves his wife and a brother, of Pershastin, and a sister in Los Angeles. The deceased and his family have been friends to the Andrew Harrisons, Portland, Oregon, for more than 40 years. Mr. Harrison is agent-operator for the S. P. & S. railroad, and the family lives at 7215 No. Kerby avenue, in Portland.

140 Register For Quotas of Canning Sugar

Ration Board Expects to Complete Registrations by Friday Night

One hundred forty households in Antioch township applied Tuesday for certificates for sugar to be used for canning fruits, Principal R. E. Clabaugh, chairman of the deputy rationing board, reported yesterday.

Applicants for the first day of the registration are those mainly whose names begin with the letters A to H. Tomorrow those whose surnames begin with letters I to P will register and Friday, Q to Z will complete the registrations for the first period. The hours are from 4 to 9 p. m. at the Antioch Grade school.

Those who fail to register before Friday night may register later, Chairman Clabaugh said, but these will be taken care of only on Wednesday night from 7 to 9 o'clock until further notice.

Assisting Prin. Clabaugh on the rationing board are Mrs. Clayton Bartlett and Mrs. A. G. Simon; also about 30 assistant registrars who helped with the first sugar rationing registrations during the first week in May.

The canning certificates are good for 60 days only.

Singing Bartender Popularizes Falcon Resort at Fox Lake

Eddie Falconetti of Radio Fame Sings Favorite Songs for Guests

It is not often that resort or hotel guests who call for lunch or refreshments can hear their favorite songs sung by a famous operatic tenor of radio fame—all at no extra cost, but such is the fact. Residents of the lakes region, the north shore cities and visitors from Chicago have discovered that delightful spot—it's at the Sign of the Falcon resort hotel and barroom at Point Comfort on the south shore of Fox Lake, and the songster is Edward Falconetti, romantic tenor who has been heard over metropolitan radio stations for many years, including WBBM, WCFL, WSBD, and many others where he appeared on sponsored programs, and he also has traveled on concert tours throughout the country.

More recently he has been known as the "singing bartender," being the genial host and manager of the Falcon which he has operated for the past two years. Be it the most difficult operatic aria or the simple romantic or popular songs—it's all the same to Eddie—and he sings them all to the delightful piano accompaniment of Grace LaMour on Friday and Saturday nights. Miss LaMour likewise is a gifted musician, having appeared on concert tours and on Broadway. Gifted with a fine soprano voice as well as nimble fingers, she often joins Eddie in song.

The genial hospitality and refined atmosphere to be found at the Sign of the Falcon is bound to increase the patronage and popularity of this delightful hotel resort.

Niece of Antioch Woman is Victim in Highway Crash

Miss Gladys Ione Gaulke, 27, daughter of Mrs. Ella Gaulke Barnstable and the late George F. Gaulke of Woodstock, was killed instantly Saturday night when the car in which she was riding was struck by a car coming from a side road. The fatal accident occurred near Wheeling. Driver of the machine was Dallas Smith, Highland Park. Her companion who was seriously injured, was taken to the Palatine hospital.

Miss Gaulke was a niece of Mrs. George Garland of Antioch. She was enroute to Woodstock to spend the week-end with her mother when the accident occurred. She was employed by the Chicago North Western Railway company in Chicago as a comptometer operator.

Richard Luedtke, son of Mr. and Mrs. Otto Luedtke of Loom Lake, who has attended a veterinary college at Ames, Iowa, for the past several months, returned home for the summer vacation.

Mrs. Paul Ferris called a meeting of the Antioch Women's club board members at her home Wednesday afternoon.

America Destined to Liberate World, Scientists Declare

Hold Annual Meeting in Boston; See U. S. and Britain as Leaders

BOSTON, Mass., June 8—The great task now confronting a liberated America, which more than three-quarters of a century ago fought a four-year war to free the slaves, is to aid in working out the freedom of the whole world from slavery. The Christian Science Board of Directors told several thousand Christian Scientists gathered in annual meeting in Boston today.

Declaring that this would be the sentiment expressed by the Nation's martyred President, Abraham Lincoln, were he here today, the Directors pointed out that "through the ages tyrants have endeavored to govern and control men by engendering fear," and quoting from Mary Baker Eddy's work, "Miscellany" (p. 191), they further say, "Persecution is the weakness of tyrants engendered by their fear, and love will cast it out."

The Directors' statement was the high light of the Annual Meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, which annually draws thousands of visitors to the Hub City from all parts of the world.

This wedding together of the two great democracies, America and Great Britain, under the impact of an international crisis, said the Lecture Board, is the consummation of the fond hopes of all Christian Scientists. The Board alluded specifically to a poem written in 1898 by the Leader of this worldwide religious movement, Mrs. Eddy, which reads in part as follows: "Brave Britain, blest America! Unite your battle-plan; Victorious, all who live it, 'The love for God and man.'"

The Directors also announced the election of Mrs. Elisabeth F. Norwood of Brookline, Mass., as President of The Mother Church for the ensuing year. The chief duty of the President is to preside at the Annual Meeting.

The new president is the daughter of Isaac Paul Gragg, who served throughout the Civil War and was given the rank of Captain by Brevet for gallant and meritorious services. Her mother, Mrs. Eldora O. Gragg, C. S. D., was one of twelve students of Mrs. Eddy's chosen by her to form The Mother Church. She was also the first woman Reader in the Church.

Mrs. Norwood was born in Roxbury, Mass., and received her early education in the Girls Latin School of Boston and in private schools. She was a member of the Normal Class of the Board of Education of the Massachusetts (Metaphysical) College in 1922, becoming a teacher of Christian Science. She also served as Second Reader in The Mother Church from June 1929 to June, 1932.

To the incoming President the times appeared to constitute a challenge to Christian Scientists to face unflinchingly "a duty beyond anything they have ever before been called upon to face." Yet in the face of this duty, she said, "there is the authority of the Bible that 'the Lord's hand is not shortened that it cannot save' and that 'Christ's Christianity will free mankind from the bondage in which it is being held.'"

Mrs. Everett Stabler is a surgical patient at St. Therese hospital in Waukegan.

Jack Means Well, but--

One man can't be in all places, and neither can he know all things—just that fast is history being made these days.

For these reasons the Antioch News forgives Jack Stillwell, WLS radio announcer, for the fun he and the Prairie Ramblers had in their radio session yesterday morning. And all over a 17-inch crappie which the News reported having been caught near "Uncle" Hugh Rager's Country House at Channel lake.

The News later reported that Stillwell once caught a fish hereabouts, but it was far too small, and so with the help of two other men he dumped it back into the water. Jack stoutly denies this. He said that little job required four men, a small boy and his mother-in-law.

Well, just to let Jack know he has as yet only meagre information about the wonders of the lake region, he is asked to mull these facts over in his mind: John Gross, 42, of 4928 Grace street, Chicago, caught a thirty inch octopus Sunday in Fox river near (Wilmet, Wis. (That's just across the state line). He killed the eight-legged amphibian with a knife when he found it crawling on the side of his fishing boat.

And back to crappies—State game wardens seining for carp in Pistakee lake netted a crappie 19 inches long and weighing over five pounds. (Verification—State Dept. of Conservation, 160 N. LaSalle St., Chicago.)

There used to be Indians out here, too, ding bust it!

USO DRIVE UNDER WAY AT LAKE VILLA

Chairman C. W. Reinebach Names Assistants in Drive for Funds

"You help someone you know when you give to the USO," rhymes Chairman Carl W. Reinebach of the Lake Villa community USO drive now under way in that community.

Named as assistants to make a thorough canvass of the community are Russ Nickerson, Harold Phalen, Ed Kapple, Mrs. Walter Simonsen, Mrs. Gordon Martin, Mrs. Art Haley, Mrs. Carl Wallner, Mrs. W. Weber, Mrs. W. W. Haether, Mrs. M. V. Reynolds, Miss Ruby Falch, Mrs. Carl Reinebach and Mrs. E. A. Anderson.

At the start of the drive Chairman Reinebach sent the following message to residents of that township:

"Between now and June 15, a corps of workers will endeavor to cover every home for Lake Villa's contribution to the United Service Organizations (USO) drive for funds.

"It is suggested that every man working give at least \$1.00, the majority will want to give more.

"Give generously! "Keep 'Em Smiling!" You help someone you know when you give to the USO."

ANTIOCH MEN AFTER BIG ONES IN CANADA

Dr. D. N. Deering and Ben R. Burke expect to leave Sunday for Canada where they will spend ten days fishing. Dr. Deering, bait specialist, is anxious to have Burke, angling expert, try out some of the lures the Dr. has created. The Antioch men will be joined in Minneapolis by Dr. Deering's brother, Dr. J. S. Deering, of Onawa, Iowa.

USO DRIVE FOR FUNDS OFF TO GOOD START; TAG DAY SATURDAY

Township organization to make the campaign of the United Service Organizations a quick and complete success, were formed last night at a meeting held at the village hall, where Chairman Roman B. Vos and Mayor George B. Bartlett and interested citizens collaborated in setting up the machinery to make a quick canvass of the entire township with the expectation of reaching and exceeding the township goal of \$600.

Expected to swell the funds raised by solicitation is the tag day in Antioch set for Saturday which will be under the charge of the women of the Legion Auxiliary headed by Mrs. Frank Harden, president of the organization and chairman for the drive. The Auxiliary will handle the drive in Antioch and township air raid wardens and their assistants will be in charge of the rural sections of the township.

USO is now operating 647 units, which include clubhouses, temporary rented quarters and mobile units which go to men on stations in the field, remote from centers where clubs have been established. Of these operations, 619 are spread throughout the United States and 28 are in extra-continental bases. There are two units each at Highland Park, Highland and Waukegan.

NURSES AID CLASSES START MONDAY, JUNE 15

Nurses aid classes will start in two Waukegan hospitals on Monday, June 14, and registrations of those who desire to take the courses are being accepted this week, according to announcement made by Mrs. M. J. Kaye, chairman of the Nurses Aid committee of the Waukegan, North Chicago, North Lake County Chapter of the American Red Cross.

Paul J. King, Lake County Co-ordinator of the Defense committee, this week sent the following announcement to Roman B. Vos, group leader in Antioch township:

"Please have all women between the ages of 8 and 40, who are interested in Nurses Aid, sign up at the Red Cross Office, 230 N. Genesee St., Waukegan before June 15, as a class will be starting on that date at St. Therese's hospital, Washington St., Waukegan, Ill. These women must appear in person at the Red Cross office for enrollment."

The course which will be given, according to Mrs. Kaye, is one which has been prepared in collaboration with the Office of Civilian Defense. It requires 80 hours of training, including lectures and actual hospital practice. The latter will be given at St. Therese hospital under the supervision of Sister Celine, Superintendent of Nurses, and at the Victory Memorial hospital, under the supervision of Miss Wilson, superintendent.

To be eligible, persons must be in good health and must have completed the standard Red Cross course in home nursing or the standard first aid course or both. After the nurses aid course is completed, the graduate must pledge at least 150 hours of service during the first year. Graduates will be called upon to assist in hospitals when the occasion arises, in clinics and in the home. In addition, each graduate will be assigned to a medical unit of the O. C. D. for emergency service with a physician, first aid worker and other civil defense volunteers in case of bombings, fires, tornado or other disasters.

HOLD FUNERAL HERE FOR MRS. HAYCOCK

Lifelong Resident Succumbs at Age of 64 Years

Funeral services for Mrs. Olive R. Haycock, lifelong resident of Antioch community, were held Monday afternoon at Strang's funeral home, with the Rev. W. C. Henslee of the Methodist church officiating.

Mrs. Haycock died Friday at her home in Bristol township. She was born in Antioch township on July 1, 1877, and had lived in or near this village all of her life. She was the daughter of James R. and Harriet Jones.

Surviving are her husband, Jay; a son, Orville of Pleasant Prairie township, and a sister, Miss Lott of Antioch.

Interment was in Hillside cemetery.

Mrs. Philip Fortin spent Monday in Waukegan.

ELECTRICAL STORM DAMAGE SUNDAY IS HEAVY IN COUNTY

Scores of lighting systems were damaged and many head of livestock killed in the severe electrical storm which swept over western Lake county at 4 o'clock Sunday afternoon. Local electricians called to make repairs on electric lines reported fuses blower and wiring shorted and burned, but no damage from fire resulted in this area from this cause.

Severest damage here was on the home of Mr. and Mrs. Lloyd Murrie at Lake Marie where lightning made a direct hit on the house, and roof and chimney were damaged.

Farmers in the vicinity of Millburn reported that many head of livestock in fields had been killed by bolts.

Yesterdays

12 YEARS AGO
May 28, 1930

Old Eagle Eye Says—
Antioch is getting all dolled up for Decoration Day—the date of the official opening of the resort season when vacationists by thousands come to the land of the lakes. Marshal Simonson has the down town section looking like a million bucks or more—streets all cleaned and everything. Merchants, catching the cleanup spirit, are daubing paint where needed and making their premises attractive generally. Now all that is lacking is new uniforms and glistening stars for the cops. Maybe they've got 'em.

Walt Chinn's popcorn wagon is right out in the street, having been removed from its accustomed place while a section of sidewalk was being laid.

Don't forget to do your part in paying tribute to war heroes tomorrow.

49 YEARS AGO
May 26, 1893

Next Sunday evening, the Sunday immediately preceding the annual Decoration day, a special Memorial service will be held at the Methodist church in the morning. All members of the G. A. R. and their friends are cordially invited. The evening service will be in charge of the Epworth League in celebration of the fourth anniversary of the organization of that society. They cordially invite the presence of all young people and all order people whose hearts are young.

Work will in all probability commence in a few days on the new bank building here. We have had the pleasure of examining the plans and must say that it will be when finished complete in all details. The management will be all that could be desired.

Messrs. Head and Meinhardt are too well known through banking circles in this, and we might say the old countries, to need any introduction at our hands. Success has crowned their every effort in the work of finance, and they number their friends by the hundreds; for as such can they class all who have had any business dealings with them whatsoever. Our people are indeed fortunate in having such men at the head of their bank.

Mrs. May Taylor announces that she will have a clearance sale of trimmed hats at greatly reduced prices. Friday and Saturday of this week. Her stock comprises all the latest lines of millinery and all the goods offered on the above days are not shop worn or in any way undesirable. You can secure bargains in hats at little more than the cost of materials in them by calling at her store in this village Friday and Saturday next.

June 5, 1919
23 YEARS AGO

Mr. and Mrs. Evan Kaye and Mrs. William Gray went to Chicago Monday to see Frank Gray who has just returned from France and whose division took part in the parade on that day. He is at Camp Grant now awaiting his discharge which he expects to receive almost any day.

Miss Belle Hughes of North Chicago spent the latter part of the week in Antioch.

During the electrical storm Monday morning a number of sheep on the Joe Labdon farm were killed by lightning.

The next meeting of the Ladies' guild will be held at the home of Mrs. Howard Smith, Wednesday afternoon, June 11. Everyone cordially invited. Maude Kettelut, vice-pres.

Ray Webb and Red Fields went to Chicago Monday to join in the parade with their division which has just arrived. Webb and Fields were among those sent home in advance of the others on account of being injured.

There will be Children's Day exercises at the Methodist church next Sunday. In the morning the program will be given by the primary Department and the younger classes. In the evening the program which will begin at eight o'clock will be given by the older children. Children may be presented for baptism either morning or evening.

Notice of Joint Meeting

There will be a joint meeting of the Village board and the commercial association Friday evening, June 5, at which time Atty. E. M. Knap and County Supt. of Highways Russell will be here for the purpose of taking up matters of importance. Every member of the board and every member of the association is invited to attend.

W. R. Williams, Secy.

Turnstones Turn Stones
Birds called Turnstones discovered long ago that worms and slugs are apt to be under stones and so make a regular practice of turning over stones to get food.

Wire Factories Use Steel

Wire factories in the United States use up 790,000 short tons of steel annually.

sons now in the armed services and to Gold Star mothers of men who made the supreme sacrifice in this war or in the first World War. Women's clubs, war relief organizations, Red Cross units and other women's war effort organizations will take part.

Wednesday, June 10, will be featured as "Youth Dedication Day." Boy and Girl Scout troops, 4-H clubs, Future Farmers of America and other youth organizations will parade or assemble in demonstration of their part in America's war effort and their contribution toward the building of a better and safer world in future years.

Thursday, June 11, "Farm and Industry Day" is being planned for and dedicated to agriculture and industry. Noon/patriotic meetings will be held at individual plants, culminating in community assemblies in the evening. Farm programs are being planned for simultaneous observance by farm advisors and farm groups.

Friday, June 12, will be "Labor and the Home Front Day." The close collaboration of labor and business in war work on the home front will be emphasized. Labor organizations, local Chambers of Commerce, commercial clubs and civic groups will take part in a demonstration of unity and record of accomplishment.

Saturday, June 13, will be "General MacArthur and Civilian Defense Day." The thousands of men and women who have volunteered for civilian defense work will participate. A statewide broadcast is being planned to carry the graduation exercises from the Air Raid Wardens School at Jacksonville. Parades, band concerts and other patriotic exercises are being planned by various communities.

The week will culminate with the observance of "United Nations and Flag Day," Sunday, June 14. The American descendants of the people of many nations who came to our country to find liberty will celebrate the day with meetings and parades. Special committees are being named to arrange for the display of the Stars and Stripes on all public buildings, stores and homes.

Governor Green pointed to the crucial importance of the times in the Declaration to Victory Week proclamation.

"Before our eyes, these days, bright new pages are being added to our national history," the proclamation said. "Once more America is battling in the cause of liberty. On land, on sea, in the skies our fighting men are carrying on our heroic traditions.

"Inspired by their deeds, our national will is set on victory. Nothing else matters. Until victory is ours, each passing day is a stern call to duty, a challenge to increased devotion."

AGRICULTURE IN INDUSTRY

By Florence C. Weed

(This is one of a series of articles showing how farm products are finding an important market in industry.)

Research on Hemp

As soon as science can produce a hemp plant free from a narcotic drug, this crop will offer a good market for farmers. Unfortunately the plant, in its present form, produces the narcotic, marihuana. The misuse of this drug has caused the passage of the federal marihuana act which forbids the growing of hemp except under federal supervision.

Because of the restrictions, less than 1,000 tons annually are grown in this country although in former years the growing of hemp fiber was a flourishing industry. In 1859, Kentucky alone produced 75,000 tons.

The word "hemp" is sometimes applied to about three different fiber plants including manila hemp and sisal hemp. The common variety grows well in the United States, attaining a height of 3 to 20 feet and sometimes yielding 800 to 1,000 pounds of fiber per acre. The plant is cut by machine and allowed to dew-ret on the ground. Then it is collected in stacks and sold to the hemp mill. The mill dries the stalk and removes the fiber in a "hemp brake."

Cordage, which can be made from hemp fiber, is one of the urgent needs of the defense program. Hemp can also be used in making cigarette paper and this commercial outlet has already been opened. From the seed a useful oil can be extracted and when mixed with other seeds the hemp can be utilized as bird food.

Research is already under way to find a variety of hemp that will contain only a small amount of marihuana. This work appears promising since some plants have been found to produce only small quantities of the resin.

Farm Notes

Crops that require cool and moist conditions in storage are the root crops, carrots, salsify, parsnips, turnips, rutabagas, and winter radishes.

Faced with a declining supply of available workers, farmers have been able to keep their hired men this past fall only by sharply increasing farm wage rates.

Baseball in China
Hundreds of years ago a form of baseball was played in China.

Antioch Teachers Are Here and There on Summer Vacations

Miss Geraldine Ross, commercial teacher, will take a 10 weeks defense course in personnel work at the University of Chicago.

Margaret McDorman, English, has employment in Chicago for the summer.

Helen Olson, physical education, will spend the summer at Diamond Lake.

Mrs. Isabel (Larimer) Reynolds will spend the summer months at her home in Zion.

Louis Haack is spending a few days fishing in Northern Wisconsin before entering school for a summer course.

Dorothy Lyne is spending the summer with her mother at their home in Madison, Wis.

Prin. and Mrs. E. W. Edwards will vacation in Southern Illinois.

Betty Grimes, secretary, will take a vacation trip to California.

M. M. Sullson, Coach Wolfenbarger, and Hans Von Holwede will remain at their homes in Antioch.

Grade School Teachers
A check of the grade school faculty today revealed that Mrs. Fern Lux will

remain at home for the summer. Marion Johnson, 2nd grade, Elburn, Ill.; Mrs. Rutha Smith, 3rd grade, Highland Park; Jeanne Casey, 4th grade, Libertyville; Virgil Newlin, 5th and 6th grades, is employed at Horton's boat shop for the summer; Ayleen Wilson, 7th grade, will attend the national convention of the NEA at Denver, Colo., as will also Prin. R. E. Clabaugh. Dorothy Kurzenknebe, kindergarten, Evanston. Lillian Musch, secretary, will work with the Antioch 4-H girls' club.

Over - Loaded Boat Cause of Drowning in Lake Catherine

Mrs. Higne Hasney Loses Life When Picnickers' Boat Overturns

RESCUE SQUAD SEEKS BODY

Members of the Antioch Rescue Squad today were continuing their search for the body of Mrs. Higne Hasney, 20, of 1511 Laurel avenue, Waukegan, who was drowned Monday night in Lake Catherine. She was the eighth drowning victim in Lake county waters so far this year.

The tragedy followed a gay picnic of the Torchbearers club, an affiliate of the Salvation Army, held on the island which separates Lake Catherine from Channel lake. Chester W. Hasney, head of the Torchbearers club, was taking his son, William, and daughter-in-law, Higne, and four girls from the island to his place farther south on the lake in a rowboat.

When the boat had moved 200 feet from the island it sank in the water and the young people became panic-stricken, according to those near the scene. Mrs. Hasney disappeared but the six other occupants swam to safety or were rescued. Two of the young girls were helped to shore by the husband of the victim, while three local boys, Paul Sterbenz, and Tom and Harry Quilty, were preparing to take a late swim and sped to the scene to rescue the others. Miss Sophie Sanchez, 16, of 213 S. Utica street, Waukegan, swam to the mainland and then collapsed.

Others rescued in the tragedy were Eleanor Schroeder, 12, of 2111 Ezekiel avenue, Zion; Ethel Stevens, 16, of 239 S. Park avenue, and Louise DeSota, 15, of Grand avenue, Waukegan.

Miss Sanchez was taken to the home of Mr. and Mrs. William Cooper, and Miss Stevens was taken to the home of Mr. and Mrs. C. K. Anderson, where first aid was given and where they spent the night. Anderson, first to learn of the tragedy, called the rescue squad, and in the meantime, Dr. A. N. Berke was summoned to the Cooper home to give treatment to Miss Sanchez.

Squad members headed by Capt. Herman Holbek and Lieut. W. I. Scott dragged the waters until early morning for the body of Mrs. Hasney, but without success. Tuesday their efforts were renewed throughout the day and at night, as last night, an under-water light was employed in the hope of locating the body.

A year ago the channel between the two lakes was dredged, and workmen located waters of great depth in some parts of the lake. Soundings at some points indicated depths of 195 feet.

Rescue squad members expressed appreciation for the helpful cooperation they received at the Anderson and Cooper homes in caring for the rescued persons.

Young men of the community also have given valuable aid to the rescue crew and have been anxious to help in every way possible.

JOHN MURRAY, BORN IN SCOTLAND, DIES HERE AT AGE OF 80

John Murray, 80, died Monday at his home just north of Antioch, following a long period of ill health due to a complication of diseases common to advancing age.

The deceased was born in Lead Hills, Scotland, Dec. 6, 1862, and came to America in his early manhood. He had made his home here for the past 30 years. For several years he was connected with the furniture business in Chicago, and since retiring he has devoted his time to his small farm north of Antioch.

He leaves his wife, Margaret, who before her marriage was Miss Margaret MacCartney, who also was born in Scotland.

Funeral services were held yesterday afternoon at two o'clock from the Strang funeral home, and burial was in Hillside cemetery.

Bachelor of Music Degree Conferred on Syd. Hughes

Sydney Hughes was graduated from Illinois Wesleyan University at Bloomington at the commencement exercises held Monday morning. His parents, Mr. and Mrs. Carl Hughes, were present at the exercises and saw their son receive his degree as Bachelor of Music. Sydney is now considering what branch of the U. S. service he will enter.

BURNETTE CHOSEN FOR RADIO SCHOOL

Raymond Burnette, eldest son of Mr. and Mrs. Sheridan Burnette, who has been employed in the civil service Radio Division of the Signal Corps in Philadelphia for the past six months, is one of those chosen to attend a radio school in Baltimore to further his training in signal service work. The selections for entrants in the school are made on merit and only a few men employed in signal corps work get this chance for advancement.

Burnette's wife and family joined him recently in Philadelphia.

140 Register For Quotas of Canning Sugar

Ration Board Expects to Complete Registrations by Friday Night

One hundred forty households in Antioch township applied Tuesday for certificates for sugar to be used for canning fruits. Principal R. E. Clabaugh, chairman of the deputy rationing board, reported yesterday.

Applicants for the first day of the registration are those mainly whose names begin with the letters A to H. Tomorrow those whose surnames begin with letters I to P will register and Friday, Q to Z will complete the registrations for the first period. The hours are from 4 to 9 p. m. at the Antioch Grade school.

Those who fail to register before Friday night may register later, Chairman Clabaugh said, but these will be taken care of only on Wednesday night from 7 to 9 o'clock until further notice.

Assisting Prin. Clabaugh on the rationing board are Mrs. Clayton Bartlett and Mrs. A. G. Simon; also about 30 assistant registrars who helped with the first sugar rationing registrations during the first week in May.

The canning certificates are good for 60 days only.

Singing Bartender Popularizes Falcon Resort at Fox Lake

Eddie Falconetti of Radio Fame Sings Favorite Songs for Guests

It is not often that resort or hotel guests who call for lunch or refreshments can hear their favorite songs sung by a famous operatic tenor of radio fame—all at no extra cost, but such is the fact. Residents of the lakes region, the north shore cities and visitors from Chicago have discovered that delightful spot—it's at the Sign of the Falcon resort hotel and barroom at Point Comfort on the south shore of Fox Lake, and the songster is Edward Falconetti, romantic tenor who has been heard over metropolitan radio stations for many years, including WBBM, WCFL, WISN, and many others where he appeared on sponsored programs, and he also has traveled on concert tours throughout the country.

More recently he has been known as the "singing bartender," being the genial host and manager of the Falcon which he has operated for the past two years. Be it the most difficult operatic aria or the simple romantic or popular songs—it's all the same to Eddie—and he sings them all to the delightful piano accompaniment of Grace LaMour on Friday and Saturday nights. Miss LaMour likewise is a gifted musician, having appeared on concert tours and on Broadway. Gifted with a fine soprano voice as well as nimble fingers, she often joins Eddie in song.

The genial hospitality and refined atmosphere to be found at the Sign of the Falcon is bound to increase the patronage and popularity of this delightful hotel resort.

Niece of Antioch Woman is Victim in Highway Crash

Miss Gladys Ione Gaulke, 27, daughter of Mrs. Ella Gaulke Barnstable and the late George F. Gaulke of Woodstock, was killed instantly Saturday night when the car in which she was riding was struck by a car coming from a side road. The fatal accident occurred near Wheeling. Driver of the machine was Dallas Smith, Highland Park. Her companion who was seriously injured, was taken to the Palatine hospital.

Miss Gaulke was a niece of Mrs. George Garland of Antioch.

She was enroute to Woodstock to spend the week-end with her mother when the accident occurred. She was employed by the Chicago North Western Railway company in Chicago as a comptometer operator.

Richard Luedtke, son of Mr. and Mrs. Otto Luedtke of Loom Lake, who has attended a veterinary college at Ames, Iowa, for the past several months, returned home for the summer vacation.

Mrs. Paul Ferris called a meeting of the Antioch Women's club board members at her home Wednesday afternoon.

SPRING FLIGHT

America Destined to Liberate World, Scientists Declare

Hold Annual Meeting in Boston; See U. S. and Britain as Leaders

BOSTON, Mass., June 8—The great task now confronting a liberated America, which more than three-quarters of a century ago fought a four-years war to free the slaves, is to aid in working out the freedom of the whole world from slavery. The Christian Science Board of Directors told several thousand Christian Scientists gathered in annual meeting in Boston today.

Declaring that this would be the sentiment expressed by the Nation's martyred President, Abraham Lincoln, were he here today, the Directors pointed out that "through the ages tyrants have endeavored to govern and control men by engendering fear," and quoting from Mary Baker Eddy's work, "Miscellany" (p. 191), they further say, "Persecution is the weakness of tyrants engendered by their fear, and love will cast it out."

The Directors' statement was the high light of the Annual Meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, which annually draws thousands of visitors to the Hub City from all parts of the world.

This welding together of the two great democracies, America and Great Britain, under the impact of an international crisis, said the Lecture Board, is the consummation of the fond hopes of all Christian Scientists. The Board alluded specifically to a poem written in 1898 by the Leader of this worldwide religious movement, Mrs. Eddy, which reads in part as follows: "Brave Britain, blest America! Unite your battle-plan; Victorious, all who live it.—The love for God and man."

The Directors also announced the election of Mrs. Elisabeth F. Norwood of Brookline, Mass., as President of The Mother Church for the ensuing year. The chief duty of the President is to preside at the Annual Meeting.

The new president is the daughter of Isaac Paul Gragg, who served throughout the Civil War and was given the rank of Captain by Brevet for gallant and meritorious services. Her mother, Mrs. Eldora O. Gragg, C. S. D., was one of twelve students of Mrs. Eddy's chosen by her to form The Mother Church. She was also the first woman Reader in the Church.

Mrs. Norwood was born in Roxbury, Mass., and received her early education in the Girls Latin School of Boston and in private schools. She was a member of the Normal Class of the Board of Education of the Massachusetts Metaphysical College in 1922, thus becoming a teacher of Christian Science. She also served as Second Reader in The Mother Church from June 1929 to June, 1932.

To the incoming President the times appeared to constitute a challenge to Christian Scientists to face unflinchingly "a duty beyond anything they have ever before been called upon to face." Yet in the face of this duty, she said, "there is the authority of the Bible that 'the Lord's hand is not shortened that it cannot save' and that 'Christ's Christianity will free mankind from the bondage in which it is being held.'"

Mrs. Everett Stabler is a surgical patient at St. Therese hospital in Waukegan.

Jack Means Well, but...

One man can't be in all places, and neither can he know all things—just that fast is history being made these days.

For these reasons the Antioch News forgives Jack Stillwell, WLS radio announcer, for the fun he and the Prairie Ramblers had in their radio session yesterday morning. And all over a 17-inch crappie which the News reported having been caught near "Uncle" Hugh Rager's Country House at Channel lake.

The News later reported that Stillwell once caught a fish hereabouts, but it was far too small, and so with the help of two other men he dumped it back into the water. Jack stoutly denies this. He said that little job required four men, a small boy and his mother-in-law.

Well, just to let Jack know he has as yet only meagre information about the wonders of the lake region, he is asked to mull these facts over in his mind: John Gross, 42, of 4928 Grace street, Chicago, caught a thirty inch octopus Sunday in Fox river near Wilmet, Wis. (That's just across the state line). He killed the eight-legged amphibian with a knife when he found it crawling on the side of his fishing boat.

And back to crappies—State game wardens seining for carp in Pistakee lake netted a crappie 19 inches long and weighing over five pounds. (Verification—State Dept. of Conservation, 160 N. LaSalle St., Chicago.)

There used to be Indians out here, too, ding bust it!

USO DRIVE UNDER WAY AT LAKE VILLA

Chairman C. W. Reinebach Names Assistants in Drive for Funds

"You help someone you know when you give to the USO," rhymes Chairman Carl W. Reinebach of the Lake Villa community USO drive now under way in that community.

Named as assistants to make a thorough canvass of the community are Russ Nickerson, Harold Phalen, Ed Kapple, Mrs. Walter Simonsen, Mrs. Gordon Martin, Mrs. Art Haley, Mrs. Carl Wallner, Mrs. W. Weber, Mrs. W. W. Haether, Mrs. M. V. Reynolds, Miss Ruby Falch, Mrs. Carl Reinebach and Mrs. E. A. Anderson.

At the start of the drive Chairman Reinebach sent the following message to residents of that township:

"Between now and June 15, a corps of workers will endeavor to cover every home for Lake Villa's contribution to the United Service Organizations (USO) drive for funds. "It is suggested that every man working give at east \$1.00, the majority will want to give more. "Give generously! "Keep 'Em Smiling! You help someone you know when you give to the USO."

ANTIOCH MEN AFTER BIG ONES IN CANADA

Dr. D. N. Deering and Ben R. Burke expect to leave Sunday for Canada where they will spend ten days fishing. Dr. Deering, bait specialist, is anxious to have Burke, angling expert, try out some of the lures the Dr. has created. The Antioch men will be joined in Minneapolis by Dr. Deering's brother, Dr. J. S. Deering, of Onawa, Iowa.

USO DRIVE FOR FUNDS OFF TO GOOD START; TAG DAY SATURDAY

Township organization to make the campaign of the United Service Organizations a quick and complete success, were formed last night at a meeting held at the village hall, where Co-chairmen Roman B. Vos and Mayor George B. Bartlett and interested citizens collaborated in setting up the machinery to make a quick canvass of the entire township with the expectation of reaching and exceeding the township goal of \$600.

Expected to swell the funds raised by solicitation is the tag day in Antioch set for Saturday which will be under the charge of the women of the Legion Auxiliary headed by Mrs. Frank Harden, president of the organization and chairman for the drive. The Auxiliary will handle the drive in Antioch and township air raid wardens and their assistants will be in charge of the rural sections of the township.

USO is now operating 617 units, which include clubhouses, temporary rented quarters and mobile units which go to men on stations in the field, remote from centers where clubs have been established. Of these operations, 619 are spread throughout the United States and 28 are in extra-continental bases. There are two units each at Highland Park, Highwood and Waukegan.

NURSES AID CLASSES START MONDAY, JUNE 15

Nurses aid classes will start in two Waukegan hospitals on Monday, June 14, and registrations of those who desire to take the courses are being accepted this week, according to announcement made by Mrs. M. J. Kaye, chairman of the Nurses Aid committee of the Waukegan, North Chicago, North Lake County Chapter of the American Red Cross.

Paul J. King, Lake County Co-ordinator of the Defense committee, this week sent the following announcement to Roman B. Vos, group leader in Antioch township:

"Please have all women between the ages of 8 and 40, who are interested in Nurses Aid, sign up at the Red Cross Office, 230 N. Genesee St., Waukegan before June 15, as a class will be starting on that date at St. Therese's hospital, Washington St., Waukegan, Ill. These women must appear in person at the Red Cross office for enrollment."

The course which will be given, according to Mrs. Kaye, is one which has been prepared in collaboration with the Office of Civilian Defense. It requires 80 hours of training, including lectures and actual hospital practice. The latter will be given at St. Therese hospital under the supervision of Sister Celine, Superintendent of Nurses, and at the Victory Memorial hospital, under the supervision of Miss Wilson, superintendent.

To be eligible, persons must be in good health and must have completed the standard Red Cross course in home nursing or the standard first aid course or both. After the nurses aid course is completed, the graduate must pledge at least 150 hours of service during the first year. Graduates will be called upon to assist in hospitals when the occasion arises, in clinics and in the home. In addition, each graduate will be assigned to a medical unit of the O. C. D. for emergency service with a physician, first aid worker and other civil defense volunteers in case of bombings, fires, tornado or other disasters.

HOLD FUNERAL HERE FOR MRS. HAYCOCK

Lifelong Resident Succumbs at Age of 64 Years

Funeral services for Mrs. Olive R. Haycock, lifelong resident of Antioch community, were held Monday afternoon at Strang's funeral home, with the Rev. W. C. Henslee of the Methodist church officiating.

Mrs. Haycock died Friday at her home in Bristol township. She was born in Antioch township on July 1, 1877, and had lived in or near this village all of her life. She was the daughter of James R. and Harriet Jones.

Surviving are her husband, Jay; a son, Orville of Pleasant Prairie township, and a sister, Miss Lott of Antioch.

Interment was in Hillside cemetery.

Mrs. Philip Fortin spent Monday in Waukegan.

Shaking Public Morale

One cardinal principle of our government is that public officials should treat the people with frankness. American citizens are entitled to all the facts, except those which constitute actual military secrets. Are the American people being accorded frankness? The gasoline and automobile situation raises this question.

The American motorist is completely up in the air as to the future of car transportation. He has heard countless varying reports. He has read conflicting statements from high Washington officials. He is told, on the one hand, that gasoline rationing is necessary because lack of various means of transportation makes it impossible to deliver normal supplies. He then hears that the storage tanks are running over with gasoline even in rationed areas, and that civilian consumption is really being reduced in order to conserve tires and cars. Next he reads an official statement that the government may soon have to requisition his tires and his car. Before the ink is dry on that report, he hears over the radio that such drastic action is not contemplated. Then to top it off, the next news reports from Washington says it is hoped that experiments now under way will produce a tire that will keep the cars rolling, etc., etc.

The citizen is lost in a welter of confusion. He doesn't know whether the synthetic rubber and the rubber-reclaiming programs are going well or badly. And nothing is harder on public morale than this kind of indecision, because it undermines confidence in leadership and governmental management.

The American people don't want to be pampered. They are sending their boys to war and financing its cost to preserve liberty at home. They don't want to be

treated like children. They don't want to be kept in the dark concerning matters vital to their welfare. What they do want is for their government to tell them the truth, explain the facts, adopt only policies which are in accord with true conditions, and stick to those policies.

Destroying the Man Who Helped

It is reported that Congress is being flooded with communications from retailers throughout the country, requesting that the general price freeze order be reopened to public hearing to review the disastrous situation facing thousands of stores. On top of that, it is reported further, manufacturers are tremendously concerned over the probable loss of distributive outlets.

One can but sympathize with the point of view of government officials who believe that the most stringent possible measures are necessary to prevent a ruinous price inflation. But it is becoming evident that the price freeze will literally dislocate and destroy a large part of the retail businesses of this country unless adjustments are made to take care of the very wide lag that has long existed between wholesale and retail prices.

The merchants who are writing Congress and the OPA are not asking for big profits and a chance to profiteer. They are simply asking the chance to price their goods at a level which will return them sufficient profit to stay in business. If the current order stands as issued, merchants will have to replace stocks at present wholesale price levels and sell them at the prevailing March retail levels. That means that the sale of many items would be made with no profit—and that the sale of some items would have to be made at an actual loss. The public-spirited merchant, who co-operated with the OPA and priced his wares on the basis of original cost, not replacement cost, would take the worst beating.

It is difficult to exaggerate the potential effect of this on the country. The small store will be hit hardest and will go to the wall first—large retail organizations, with capital behind them, can last longer and can better adjust themselves to changing conditions. The tens of thousands of little retail businesses which are the backbone of the American private enterprise system are in danger of extinction. That is the immensely grave situation which confronts Congress and the OPA today.

WILMOT

Miss Virgene Voss was a guest of honor at a very unusual "Easy to Pack" shower on Tuesday evening, given for her by Miss Eva Vincent, at the home of Mrs. Albert Van de Walker at Twin Lakes. The evening was spent in playing airplane bunco, after which a luncheon was served. Miss Voss was presented with many lovely gifts.

Miss Virgene Voss attended a party at the home of Mr. and Mrs. E. H. Swantz of Union Grove, Wis., Wednesday evening. The party was given in honor of their son and Miss Voss, daughter of Mr. and Mrs. Paul Voss, whose marriage will take place on Saturday evening, June 6, at 8:00 o'clock at the Congregational church at Union Grove.

Miss Virgene Voss, who was married Saturday evening, was guest of honor recently at a miscellaneous shower given for her by her aunt, Mrs. Frank J. Marzahn of Richmond. Games were played during the afternoon and a luncheon was served. Appointments were in pink and white.

Guests were the Misses, Otto Schenning, Fox River; Elmer Flemining, Burlington; Hendrick Bosman, Kenosha; E. H. Swantz, Adelle Morrell and John O'Leary, Union Grove; Paul Voss, Fred Risch, David Voss, Clinton Voss, Randolph, David Ebers, Salem; Ralph Marzahn, Fox River; Fred Ebers, Rock Lake; Elmer Ebers, Kenosha; William Ebers, W. A. Marzahn, J. C. Wilson, Richmond; Mr. Mitchell, Barton; Elmer Ebers, W. A. Marzahn, E. A. Reynolds, Monmouth; Mrs. Robert Swantz, Union Grove; Miss Avis Voss, Elgin, Ill.; and Miss Ruth Ebers, Salem.

First Holy communion was given to six children at the Holy Name church, at a beautiful ceremony read by Father Joseph Savage at eight o'clock mass on Sunday morning. The altar was decorated with masses of white peonies and pink-orange. The six communicants were Rose Ebert, Richard Scott, Rose Schenning, Dorothy Netter, Lorain Kuhn and Richard Breen, were ushered into the church by four little flower girls, Joan Richter, Don Mac Richards, Barbara Johnson and Arlene Seitz.

The Peace Evangelical Lutheran congregation and Sunday School picnic will be held Sunday, June 14, at Fox River Park. The picnic will begin with worship in the park at 10:30 a. m. At noon a hot lunch dinner will be served and each family is asked to bring one item of food. For the afternoon there will be the planned games and entertainment for both the children and adults.

A joint picnic of the Lutheran Ladies Aid society will be held at Echo park at Burlington on Thursday, June 18, beginning at noon. It was announced.

Guests at the home of the Rev. and Mrs. R. P. Otto on Sunday included the Rev. and Mrs. C. A. Otto and Dr. and Mrs. E. M. Otto and son, Teddy, all of Wauwatosa.

Miss Anna Mae Shottliff was elected vice-president at a meeting of the 1942 graduating class of the College of Commerce Friday.

Mrs. George Dowell and daughter, Sylvia, accompanied by Mrs. Ray Burton, spent the day Monday at Kenosha.

Mr. and Mrs. Cyril Pacey, spent Saturday at Janesville where Mr. Pacey purchased several head of cattle.

Honor was bestowed on Miss Charlotte Pacey, a junior student of Wilmot High school, when she was presented with the spade for being the best "all around girl student." Miss Evelyn Evans, who held the spade last year, presented it to Miss Pacey on class night. Leonard Fisher was presented with the spoon by LeRoy Anderson, and the title of best "all around boy student."

A DEED A DAY FOR THE U.S.A.

Miss Avis Voss of Elgin spent the weekend with her parents, Mr. and Mrs. Paul Voss.

Mr. and Mrs. Clinton Voss have moved to Menominee, where he has accepted a government position.

Frank Roger Wilmot High school teacher, reported in the communication as being absent on the Army Air Corps duty for Milwaukee on Friday afternoon at the close of his classes.

R. L. Hegeman, who has spent the past several weeks at his Milton Junction, Ind. store, was at Wilmot from Friday to Monday.

The Maguire family, Chicago, have opened their Wilmot home and have moved in for the summer.

Roy Swantz and son spent Friday at Chicago and attended the Brooklyn Dodgers and Cubs game.

Dr. and Mrs. J. B. Rice and son of Beloit, and Mrs. Roland Hinkle of New York city, were Sunday guests of Mr. and Mrs. William Cole.

Mr. and Mrs. Paul Gaudin spent the day Saturday visiting Mr. and Mrs. Harold Boulden at Burlington and Mr. and Mrs. Russell Schmalfeldt at Kansasville.

Mr. and Mrs. Edward Joyce and family of Chicago have moved into their summer home at Wilmot on Fox River, for the summer.

Mr. and Mrs. Fred Gauger of Hales Corners spent Saturday evening visiting at the Herbert Sarbacher home.

Mr. and Mrs. Fred Albrecht and Mr. and Mrs. Alex Schubert and family visited Mrs. Homer Clark at Victory Memorial hospital in Waukegan Sunday afternoon.

Mrs. Bertha Harm and Mr. and Mrs. Rodelle Harm spent Monday at

Harvard, Ill. Mrs. Frank McConnell, Jr. of Minneapolis, Minn., returned to her home Monday, after spending a week with her mother and attending the wedding of her brother, Rodelle Harm.

Mr. and Mrs. Herman Frank and children spent Sunday evening with Mr. and Mrs. Frank Zarnstorff at Randall.

O. D. Willett of Bristol spent Sunday with Mr. and Mrs. Frank Burroughs.

Mrs. Helen Jaeger of Milwaukee spent Thursday and Friday with her brother, Frank, at the Frank Burroughs home. On Friday afternoon Mr. Jaeger returned home with his sister.

William Volbrecht was taken to the Burlington hospital in a critical condition after being found unconscious, evidently the result of the intense heat in the Hegeman barnyard on Friday afternoon. It was thought he had lain there about two hours before he was discovered by Verne Pacey, who manages the Hegeman farm. Mr. Volbrecht's condition still remains serious.

Mrs. Raymond Schold and sons and Mrs. Ainsley Whiteside and children of Kenosha were Sunday afternoon callers at the Herbert Sarbacher home. On Sunday evening Edward Sarbacher and friend of Kenosha and William Sarbacher of Silver Lake called on the Sarbacher family.

Mr. and Mrs. Don Herrick and son, Milton of Oak Park and Mr. and Mrs. Russell Elwood and children were Sunday dinner guests of Mr. and Mrs. Harry McDougall.

Mr. and Mrs. Frank Kruckman

were Sunday supper guests of Mr. and Mrs. Earl Hyde at Crystal Lake.

Sunday guests of Mrs. John Johnson included Mr. and Mrs. Henry Hansen, Miss Nellie Johnson and Louis Johnson, all of Crystal Lake, and Miss Mabel Johnson, Chicago.

Mr. and Mrs. Harry McDougall motored to Madison to spend the day Tuesday.

Mrs. Viola Sherman and son, Roger, spent Saturday and Sunday at Madison to attend the State 4-H camp. Mrs. Sherman acted as adult 4-H leader for the girls of this county. While at Madison, Mrs. Sherman called on Mr. and Mrs. Roy Ihlenscheld, former superintendent of schools here. Friends will be interested to know that their son, Dale, has enlisted in the navy and is now stationed at Great Lakes Naval station.

Mr. and Mrs. Clem Tilton, Sr., of Richmond, and Mr. and Mrs. Clem Tilton, Jr., of Silver Lake, spent Saturday evening at the Wayne Tilton home. On Sunday, Mr. and Mrs. Earl Taylor of Genoa City called on the Tiltons.

Voss-Swantz

At a pretty ceremony read at eight o'clock Saturday evening, in the Congregational church at Union Grove, Wis., Miss Virgene Voss, daughter of Mr. and Mrs. Paul Voss of Randall, and Harmon Swantz, son of Mr. and Mrs. E. H. Swantz of Union Grove were united in marriage. Pink and white peonies, greenery and garden flowers formed a background for the vows spoken before Rev. Mills of Union Grove, who read the single ring ceremony.

An organ recital was played a half hour before the ceremony by David McElroy of Zion. The wedding march was played by Joe Knepper of Racine.

A reception followed at the home of the bride's parents, for sixty relatives and friends, with the bride's table centered with the tiered wedding cake and appointments in white.

Both young people have been active in affairs in Kenosha and Racine counties. The bride attended and is a graduate of Union Grove Normal and has taught school for four years. The bridegroom also attended the Normal school, later the University of Wisconsin at Madison and was then associated with his father in the hardware business. At present he is a first class petty officer, U. S. Naval reserve stationed at Newport, Rhode Island, where they will make their home for the present.

Sequoit Lodge Entertains
Despite the threatening weather 50 representatives of Anchor and Arch lodge U. D. of Waukegan, came to Antioch last Thursday evening to assist in the conferring of the M. M. degree upon two candidates. Work started at 6 p. m. and some of the bunch got so hungry by 7 that they simply had to adjourn to Tom's and supply the wants of the inner man. This done, Anchor and Arch lodge took charge and finished the work in a most exemplary manner. Anchor and Arch is a new Masonic lodge located in Waukegan. All went home declaring Sequoit lodge a royal entertainer.

The Antioch Chapter of the O. E. S. will give their second annual dance in the Antioch opera house on Friday evening, June 20. Music by McCormick's orchestra from Libertyville. The committee in charge has left nothing undone to make this affair a grand success. Don't miss it.

Hawkins-Miller Wedding Saturday
Last Saturday afternoon Arthur Hawkins of this village and Miss Hattie Miller of Bristol were united in marriage by Justice Blaz of Waukegan, the ceremony taking place in that city. Immediately after the ceremony the happy couple left for a short honeymoon trip. Upon their return they will make their home in this village. The bride is the daughter of Mr. and Mrs. Charles Miller of Bristol, and is very well known here, having been employed at the Edgar house for the past three years. The bridegroom is the son of E. E. Hawkins of this village and is numbered among Antioch's young business men, being proprietor of what was formerly the E. & M. garage.

Both have a host of friends here who extend to them most hearty congratulations and are awaiting their return to give them a rousing reception.

Changed His Mind

Although it has been said that Henry Clay never changed his mind on a political question, history proves that he changed his mind regarding a banking system which he bitterly opposed and then supported.

Straw Hats From China
Straw, fiber and rush hats shipped from China last year were valued at \$1,150,000.

IMPROVED UNIFORM INTERNATIONAL SUNDAY SCHOOL Lesson

By HAROLD L. LUNDQUIST, D. D.
Of The Moody Bible Institute of Chicago.
(Released by Western Newspaper Union.)

Lesson for June 14

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

SUNDAY: THE RISEN CHRIST AND HIS DISCIPLES

LESSON TEXT—Luke 24:33-48.
GOLDEN TEXT—Ye are witnesses of these things.—Luke 24:48.

The glory and gladness of the resurrection morning drove back the darkness of the tomb and replaced the disciples' sadness with holy gladness. God's message to His people is one of assurance and hope. The night may be dark, but the dawn will surely come.

Two of Jesus' disciples had been walking sadly along the road to Emmaus when suddenly a stranger was with them, telling them what the Scriptures taught about the Christ—His sufferings and His glory. Their hearts burned strangely within them (Luke 24:32), but they did not recognize Him until He broke the bread of their evening meal—and then He was gone.

But now they had a joyous message which sent them hurrying back to Jerusalem to the eleven who had gathered behind locked doors to discuss the reports which had also come to them of His resurrection. And suddenly—

I. "Jesus Himself Stood in the Midst" (vv. 33-43).

What a blessed and conclusive confirmation of their report. He, their beloved Lord and Master, stood there before them, alive and speaking His tender message of "Peace."

The disciples, however, were bewildered and slow to believe. Observe how kind and patient He was with these frightened and unbelieving men. And note what a splendid testimony it is to the truth of the resurrection that they who knew Him best expected proof before they believed.

Before we condemn them for lack of faith let us ask ourselves if we would have done better, and let us be thankful that their hesitation made assurance doubly sure. He was really there—alive. Partaking of food (which He did not need), and giving them opportunity to touch His body, He demonstrated the reality of the resurrection. He next gave them a sure foundation for faith.

II. "Then Opened He Their Understanding" (vv. 44, 45).

This He did that they might "understand the scriptures." Their minds had become confused and He literally "disentangled" them. We need to have the knots and kinks taken out of our thinking about God's Word. Then we too will understand.

Dealing with the entire Old Testament (divided by the Hebrews into law, prophets and psalms), He thus gave it His endorsement. Men may deny, but Jesus approved the Scriptures of the Old Testament—and we are ready to take His word. "All things must be fulfilled" is His statement concerning Himself. There is our Lord's guarantee that the promises of His second coming, and all that is associated with it, as well as with His future reign, will be fulfilled.

This time of fellowship with the Lord around the Word of God was strengthening to their faith, but it had another purpose. The blessings of God are not for our own satisfaction alone, for it is His will that there be—

III. "Repentance Preached in His Name" (vv. 46-48).

There is a message to go out through His disciples to all nations. He died for the sins of the world. He arose for the justification of those who believe. There is remission of sin for those who in repentance and faith turn to Him.

Fellowship with Christ and an understanding of His Word which does not result in aggressive witness for Him is quite useless. We meet Him and study His Word not only that we may grow in grace, but that we may be witnesses to all nations.

To be a witness involves knowledge of a fact, to the truth of which the individual can bear testimony. The disciples were called to be witnesses, "not speculators, philosophers, moralists or legislators. They had neither to argue nor to dissertate, nor to lay down rules for conduct, nor to ventilate their own fancies. They were witnesses, and their business was to tell the truth, the whole truth, and nothing but the truth" (Alexander MacLaren).

The Christian by life possibly more than by word is to "adorn the doctrine of God," as Paul put it (Titus 2:10), commending it to those round about him. Observe that such a witness is to start right at home, "beginning at Jerusalem" (v. 47).

It may be difficult in our times to send witnesses to distant lands, for ships are busy carrying the men and implements of war. But right in your Jerusalem there is a spiritual need, in your little town or rural community, in the city where you live, in your home, office, shop, or school. You who read this who are in the service of the country will find a "Jerusalem" in your camp or on your ship.

RUBBER ON FARM MUST HAVE CARE

Rural Food Production Increased Use of Rubber.

By M. R. BENTLEY
(Agricultural Engineer, Texas A & M Extension Service.)

Motorists—and aren't we all?—have been so busy worrying about the tires on their cars that rubber on the farm has not received much attention.

Rubber has played an increasingly important part in food production in recent years. Rubber tires for tractors and farm implements; rubber tubing in milking machines; rubber rings for canning in glass jars—the list is almost endless.

Here are suggestions for care of rubber on the farm:

Block up the wheels to keep weight off the tires when machines and implements are out of the fields for any considerable period.

If rubber-tired implements are stored on cinder floors, block up the tires or place planks under them. The sulphur in the cinders breaks down the rubber.

Excessive slippage of tractor tires causes heavy wear, just as skids and quick stops do on automobile tires. Over-loading the tractor is one cause of slippage, and pulling in snow or mud without chains is another.

Keep rubber-tired implements out of the sun when not in use.

Under-inflation damages both rubber and fabric in the tires.

A solution of calcium chloride to prevent freezing is recommended for northern areas if water is used in tractor tires to add weight.

Rubber tubing in milking machines will last longer if it is kept clean. After each cleaning and sterilization, the tubes should be hung up to drain and dry.

AGRICULTURE IN INDUSTRY

By FLORENCE C. WEED

Goat Herd Value

"The poor man's cow" has always had a variety of uses. In Texas, New Mexico, Arizona and Oregon, goats run in sizeable herds. Often 300 to a farm. They grow fat on coarse vegetation on which other animals would starve. In these western states, the clip amounts to about 10,000,000 pounds of goat hair each year. This does not nearly supply the raw material for plush fabrics for upholstering furniture and automobiles. Texas has more than 3,000,000 goats clipped annually while New Mexico is next with 201,000.

Goat and kid skins make fine leather for shoes, book bindings, leather purses and cases. Our goat herds do not yield enough to supply the need and 68,000,000 pounds of skins are imported annually.

A milk goat herd, maintained by the U. S. bureau of animal industry at Beltsville, Md., has proved that the Toggenberg and Saanen breeds supply milk similar to the Holstein cow. Goat milk has the advantage of more vitamin B, a softer curd and smaller sized fat globules and is highly recommended for invalids and people with delicate digestions. The milk is widely used for making Swiss cheese. The meat is nutritious but is little used in America except when the flesh of the angora is sold for mutton.

Domesticated goats are thought to be descended from the wild goats of Persia. Wild goats are found only in Europe, northern Africa and the Himalaya mountains.

Agricultural Notes

Repair

With so many automobiles at rest much of the time, many garages will find their usual work curtailed. However, according to the U. S. department of agriculture, garages, particularly those in the country, are likely to pick up much general repair work for farmers and others. Garage mechanics may be called on to exercise ingenuity in making parts normally supplied through other channels.

Average Acreage

According to census figures, the average acreage per farm in the United States in 1940 was 174, compared with 154.8 in 1935 and 156.9 in 1930.

Save Baling Wire

Farmers use between 90,000 and 100,000 tons of baling wire a year—equal in weight to three large warships—for baling hay, straw and other forage crops, the U. S. department of agriculture reported in urging farmers, dairymen, stockyard operators and livestock producers to conserve baling wire.

Watermelons Are Africans

Watermelons, summer-time delicacy, are believed to be natives of Africa.

TREVOR

Mrs. E. W. Allen and son, Dick, and Elaine Allen, Twin Lakes, called on Mrs. Jessie Allen on Friday.

Mrs. Charles Otting and Mrs. Kermit Schreck were Silver Lake callers Tuesday.

Mrs. William Hovens was a Kenosha shopper Monday.

Mrs. Charles Otting and Priscilla Allen were Lake Villa callers Sunday.

Mrs. Arthur May, Madison, is spending several days with her parents, Mr. and Mrs. Charles Otting.

Mr. and Mrs. Charles Runyard spent Wednesday with Mr. and Mrs. Russell Longman.

Mrs. Charles Otting, Mrs. Arthur May, Mrs. Joseph Smith, Mrs. Jessie Allen and daughter, Priscilla, were Antioch and Wilmet callers Monday.

William Kavanaugh, Kenosha was a Trevor caller Sunday.

Mr. and Mrs. Frank Harris and sons, Chicago, were callers at the Allen Copper home Saturday, en route to visit Mrs. Harris' sister and husband, Mr. and Mrs. William Smith, Whitewater.

Mr. and Mrs. Charles Otting entertained at dinner Sunday, Mr. and Mrs. Alfred Otting, Barrington, Mrs. Arthur May, Madison, Mr. and Mrs. Joseph Smith and Elaine Allen.

In the afternoon Mr. Otting, Mrs. May and Mr. and Mrs. Alfred Otting accompanied the latter's sister, Mrs. Evelyn Neuman of Barrington to Waukegan to a ball game in which Alfred Otting played.

Mr. and Mrs. William Galliard, Salem were Saturday callers on their daughter, Mrs. Lee Wilson and daughter Sandra Lee.

Mr. and Mrs. Maurice Lux, Bristol, were Sunday visitors of the latter's mother, Mrs. Ottilia Schumacher.

Mr. and Mrs. Richard Corrin were Sunday dinner guests of their niece and husband, Mr. and Mrs. Willard Schneider.

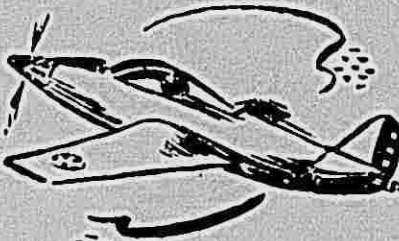

Mrs. Howard Grau, Evanston, called at the Charles Otting home Sunday afternoon. Miss Elaine Allen returned home with them.

Frank Schultz, Salem, was a business caller in Trevor Monday.

Mr. and Mrs. Allen Copper attended the wedding of her nephew, Irving

What You Buy With WAR BONDS

The Army's fighter planes are the finest in the world and develop speeds up to 400 miles an hour. They cost approximately \$100,000 each, provide fighter escorts for the huge flying fortresses, and combine speed, range, altitude and blistering fire power.

America's plane production plants are working over-time turning out thousands of these fighter planes. War Savings Bonds will help pay for them and the American people are committed to at least ten percent of their income to finance their cost in War Bonds. Every American, buying his share every pay day, will make it comparatively easy to supply our army and navy air corps with these supreme Eagles of the air.

Raz, and Marie Moss in Chicago Saturday.

Mr. and Mrs. M. Johnson, Arlington Heights, visited her parents, Mr. and Mrs. A. J. Baethke, Monday.

Mrs. F. Hausen, Mrs. Pete Petersen and Miss Evelyn Jensen, Waukegan, spent the evening recently with the latter's aunt, Mrs. Alfred Dahl.

Miss Elizabeth Corrin spent over the week-end with her grandmother, Mrs. Emma Allner, and aunt, Miss Clara Lowe, in Chicago.

John Schumacher and mother were Silver Lake callers Monday.

Lee Wilson made a business trip to Three Lakes, Wis., the latter part of last week.

Frankie Derler and Louis Otting accompanied the former's brother-in-law, Joe Fernandez, to St. Louis on Monday.

The Rock Lake Improvement asso-

ciation held their meeting Sunday afternoon at the Kathryn Strombery cottage.

Mrs. Bob Longmore, Chicago, is spending this week at their Rock Lake cottage.

H. Schwery is entertaining Mr. and Mrs. Rudolph, Highland Park, at her Shire View home.

Several from this locality attended graduation exercises at the Wilmet gym Thursday evening.

Frank Gerard and Mr. and Mrs. Roy Sibley called on Mr. and Mrs. A. J. Baethke Wednesday.

Mrs. Charles Otting, Mrs. Joseph Smith and Priscilla Allen were Kenosha shoppers Thursday.

DEALER ADVERTISEMENT

About the appliances we advertise nowadays

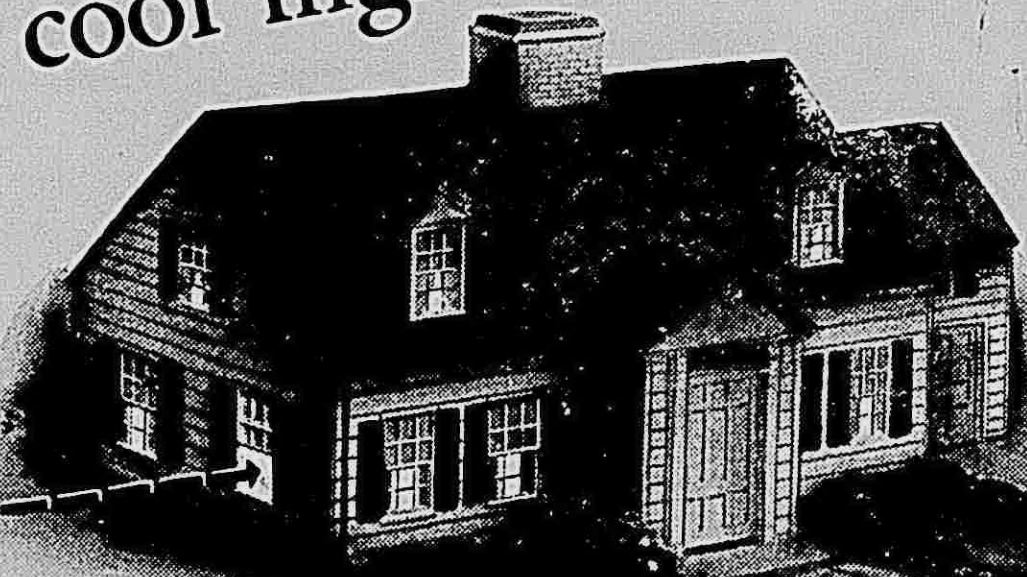

The appliances we are now advertising are limited to those we have on hand, or those that are made available without interference with war production.

They have all been selected because their normal operation in the home comes at a time of day when our electrical

facilities are more than adequate to meet present power requirements for both war production and civilian use.

Furthermore, we believe that their use in most cases will conserve energy and tend to release home labor for helpful wartime activities.

Flood your home with cool night air!

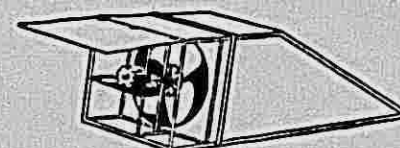

New powerful attic fan lets you sleep cool all summer!

Even on those summer nights when your house is so hot you can't sleep, the air outside is several degrees cooler. All you need do is get the hot, stale air out and the cool, refreshing night air in. Just opening windows is not enough; the stale air has to be forced out.

Many of your neighbors have found the answer: install an attic fan! This is like no fan you've ever seen—it is a large capacity fan that can remove all the stale air from your house in less than five minutes! It operates in your attic, driving the stale air outside while fresh, cool air is drawn in through the downstairs windows, replacing stale air.

This summer, be ready to beat the heat-waves. Have your attic fan installed now—sleep in comfort all summer long. Come in today!

Thousands of families have proved that attic fans are . . .

✓ Cheap to operate—cost only a few cents a night.

✓ Noiseless—built so they don't cause vibration.

✓ Easily installed—job can be completed in a few hours.

Ask about Attic Fans at your dealers, or

PUBLIC SERVICE COMPANY OF NORTHERN ILLINOIS

SOCIETY EVENTS

Girls' 4-H Club Adds New Members

Two new members were added to the Antioch Girls 4-H club at the last meeting held Thursday night at the home of Mr. and Mrs. John Dupre, 664 N. Main street, where the girls were the guests of Geraldine Young. The new members are Dorothy Aronson and Mabel Lou Hunter.

Geraldine talked on material costs and the girls fitted dress patterns. There was accordion music by Doris Burdick and refreshments were served. Last night the club met at the home of the leader, Miss Lillian Musch.

RUTH POULSEN AND JAMES DORSEY WED

Mr. and Mrs. James Joseph Dorsey are receiving felicitations this week on their marriage which took place Saturday evening. The bride is the former Ruth Alice Poulsen. The wedding took place at 7:00 o'clock Saturday evening in the home of her parents, Mr. and Mrs. Chris Poulsen, the Rev. W. C. Henslee, pastor of the Antioch Methodist church performed the double ring ceremony.

The bride wore white satin and lace with a finger-tip veil of white lace, and carried white carnations.

Mrs. Florence Fredbeck of Waukegan gave a vocal selection.

Miss Virginia Poulsen, sister of the bride, acted as bridesmaid and William Haddican was best man.

A reception for 50 guests was held following the ceremony, also in the home, which was beautifully decorated with garden flowers.

After a short honeymoon, Mr. and Mrs. Dorsey will be at home to their friends at Lindenhurst Farm, where Mr. Dorsey is employed.

ATTEND O. E. S. AT NORTH CHICAGO

Mrs. O. E. Hachmeister served as worthy matron on Matrons and Patrons night at North Chicago, Order of the Eastern Star, Wednesday evening. Others present and acting as escorts for the matron were: Esther Wilton, Margaret Gaston, Myrtle Klass, Rosabel Anderson, Martha Hunter, Selma Trieger, Helen Carlson, Elizabeth Webb and Alice Freeman.

PINOCHLE CLUB MEETS AT CHAPMAN HOME TUES.

The regular meeting of the Triple Pinochle club was held at the home of Mrs. Richard Chapman at Indian Point Tuesday afternoon. A luncheon was served at one o'clock with beautiful roses as favors. Mrs. Augusta Carlson and Mrs. Eleanor Micheli won highest scores. Mrs. Augusta Carlson won the double pinochle prize, which was a dozen lovely roses grown at the Chapman Indian Point Nursery.

MISS HUFF TO ENTER TAIN BURLAP CLUB

The newly organized Burlap club, consisting of future sophomore girls of the Antioch Township High School will hold their monthly party, Friday, June 12, at the home of Miss Huff at Cross Lake. The members are Laura Jeanne Sobey, Mabel Lou Hunter, Betty Busscher, Marilyn Sobey, Elyn Mae Wilton, Betty Huff, Louise Elms and Helen Lyerla.

CHRISTIAN SCIENCE CHURCHES

"God the Only Cause and Creator"

was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 7.

The Golden Text was, "Lord, thou art God, which hast made heaven, and earth, and the sea, and all that in them is" (Acts 4: 24).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "O Lord, how manifold are thy works! In wisdom hast thou made them all: the earth is full of thy riches. Thou sendest forth thy spirit, they are created; and thou renewest the face of the earth" (Psalms 104).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy:

"The creative Principle—Life, Truth, and Love—is God. The universe reflects God. There is but one creator and one creation. This creation consists of the unfolding of spiritual ideas and their identities, which are embraced in the infinite Mind and forever reflected. These ideas range from the infinitesimal to infinity, and the highest ideas are the sons and daughters of God" (p. 502).

"THE DESTINY OF AMERICA" Baha'i Radio Talk over WHIP

May 1, 1942

(continued from last week)

The Baha'i Plan for a New World Order as given by the Founder of the Baha'i Faith over seventy years ago:

1. A world legislature and an international court of last appeal. The federation of American states demonstrates this principle perfectly.

2. A world pact. All forces of humanity must be mobilized to insure its stability and permanence. The fundamental principle underlying this solemn pact should be so fixed that if any government later violates any one of its provisions, all of the governments

Music Group Studies Indian Compositions

The Music Study group met with Georgia Ray Drury on Tuesday afternoon.

The origin and development of Indian music was discussed. The instruments, songs and dances of the Indians, the songs of the old Indians, ceremonial songs and the modern love songs proved to be an interesting and descriptive story.

"By the Waters of Minnetonka" by the Indian composer Thurlow Lieurance, and the music by MacDowell, the American interpreter of Indian music were played by Mrs. Drury and sung by the group.

At the next meeting which will be on June 23, the children will complete their scrap books of American music and American musicians.

Personals

Card of Thanks

We wish to express our grateful appreciation for the kindness and sympathy shown us in our recent bereavement.

Clayton King and family.

Mrs. C. N. Lux and her nephew, Robert Charles Wilton left this morning for a week's vacation trip to Pittsfield, where they will visit relatives and friends.

Postmaster and Mrs. Roy Kufalk and children, Robert and Verna Mae, spent the past two weeks vacationing in Waverly, Shellrock and Plainfield, Iowa, with friends and relatives.

Wilson King, Camp Forrest, Tullahoma, Tenn., and Mrs. King of Alhambra, Calif., were called to Antioch last week on account of the death of Wilson's mother, Mrs. Clayton King.

Mr. and Mrs. William Davis of West Pullman, Ill., were week-end guests in the home of the latter's aunt, Mrs. Charles Alvers, Sr., and husband.

on earth should arise to reduce it to utter submission.

3. A chief executive.

4. A world capitol. Such a capitol would become a hub of international affairs.

5. An orderly system of international law, the only thing that can replace international banditry.

6. Economic adjustment. The resources of the world can be tapped, the weaker groups protected, work established for all, a more uniform wage scale selected for all countries, extremes of wealth and poverty prevented, and an understanding between capital and labor established. Statistics prove that there is enough for all. The first task of international law, after war has been successfully outlawed, is the protection of the world from the economic forms of banditry and from the gigantic winds of depression that periodically sweep the earth.

7. The boundless wealth now spent on war will be applied to education, science, research, prolongation of life and human betterment. More is now spent in a few hours in the war departments of all countries than is spent in their state departments in a whole year.

8. A world script, a world literature, a uniform and universal system of currency, of weights and measures, will simplify and facilitate intercourse and understanding among the nations and races of mankind. An auxiliary language chosen to accompany the use of the individual language now existing as national tongues. Every school child in the future may learn his own language and one other which every other school child in the world will likewise be learning. The "made language," Esperanto, is an example of such a possibility.

9. A growing conception of God as the Father of all alike, through the influence of one common revelation.

10. A spiritual education toward unity and away from prejudices. In short, a world federation is the objective in which Force is a system of policing, but never a means of aggression, and in which the spiritual nature of man may live without fear.

Here is a practical and God-given vision which the United States of America, by its history, its culture and its achievements, is well qualified to uphold for all the world. What a destiny this would be for America! Impossible at present? Perhaps. But we have seen that events change overnight. We must have a plan for after the war. In the dark days ahead be hopeful that America's great hour is at the door. No matter what we have to face in the immediate future let us face it hopefully, knowing that the present world chaos is the destruction that is to be followed by construction. Let us not become bewildered at the swift changes everywhere occurring, for the law of growth is change. Let us rather realize that we are actors upon the stage of the greatest drama ever enacted in the history of mankind, and that we must prepare ourselves physically and spiritually to play our part in that drama.

As you tune in on the overwhelming disasters of the world, think again about these prophetic words, spoken by the noble son of the Founder of the Baha'i Faith, when in this country in 1912: "America is equipped and empowered to accomplish that which will adorn the pages of history. . . . She will lead all nations spiritually."

News of the Boys in Service

Tampa, Fla., June 11—Jack Howard Crandall, 21, of Antioch, Ill., is preparing for future work in the Navy at NYA Camp DeSoto near Tampa where a construction battalion of 200 men is taking a course of technical trade instruction.

Son of Mr. and Mrs. Les Crandall of Cable, Wis., he enlisted as a fireman, second class, at Chicago March 31, 1942, and went through recruit training at Great Lakes Naval station. Crandall was graduated in 1938 from Antioch Township High school.

Sailors at Camp DeSoto are taught a number of trades, including welding, carpentry, masonry, woodworking, plumbing, machine shop operation and road building.

What You Buy With WAR BONDS

The power of the greatest Navy in the world, our own two-ocean fleet, rests in large measure on its backbone—the Battleships of the Line. They displace approximately 35,000 tons and cost up to \$70,000,000. We have something like a score of these huge ships in the Atlantic and Pacific.

Eight huge battleships are under construction and more are contemplated. To finance these modern goliaths of the sea it is necessary for every American everywhere to buy more and more War Bonds. We can do it if everybody does his share. Invest at least ten percent of your income every pay day to help your country go over its Bond Quota.

CHOLERA REMEDY NOW PERFECTED

Disease Costs Hog Raisers Twenty Millions Annually.

By W. H. BOYNTON

(Professor of Veterinary Science, University of California.)

Hog cholera is admittedly one of the most destructive of all animal diseases. The yearly cost of this disease has been estimated at between \$20,000,000 and \$30,000,000 in the United States alone. Within the past few years the author has developed at the University of California college of agriculture a new tissue vaccine which is expected to cut this annual cholera "tax" very substantially.

This vaccine is known as BTV and is now available from commercial companies. It has been used on more than 100,000 hogs on the Pacific coast and in the Middle West. BTV is composed of finely ground glandular tissues from hogs infected with cholera. These tissues are taken from the hogs at the height of the disease and then treated with eucalyptol. The result is a vaccine which cannot produce cholera in a hog but does produce an active immunity to the disease.

When BTV is used, vaccinated pigs can mingle with unvaccinated pigs without transmitting cholera to them. Furthermore, pigs harboring latent infections, such as pneumonia or enteritis, at the time of vaccination are not subject to the danger of flare-ups of these infections due to the lowering of body resistance. This danger of lowered resistance followed by death from some secondary infection has been one of the major drawbacks of the serum-virus method of vaccination for cholera.

The vaccine is not intended for pigs that already have cholera. It should be given only to swine that do not have the disease. Since a period of at least three weeks is required to build up a satisfactory immunity in the animals, pigs which have been exposed to cholera or are suspected of having it should be treated first with anti-cholera serum to make sure that the infection is checked. Later they can be given the tissue vaccine.

At present this vaccine is not recommended for garbage-fed pigs, although successful experimental results have been obtained by administering the vaccine before and after weaning.

LAKE VILLA

Lake Villa Community Church
Methodist—W. MacArthur, Pastor
Sunday School—10:00 A. M.
Worship Service—11:00 A. M.

The Woman's Society of Christian Service will hold its next regular meeting on Wednesday afternoon, June 17, with Mrs. William Walker on Grand avenue, east of the village. Visitors are invited.

Mrs. Anna Kelly of Antioch spent Sunday with the Charles Kelly family.

Miss Bojan Hamlin, who has been teaching at Radcliffe college in Cambridge, Mass., since last September, came Friday for a visit with her parents, Mr. and Mrs. Frank Hamlin. She was accompanied by her fiancé, Ensign A. L. Jennings, U. S. Naval Reserves of Kisco, N. Y., who expects to enter active service some time this month.

Mrs. Paul Avery, Jr., entertained friends from Chicago at her home over the week-end.

Mrs. Anna Almquist and sons of Chippewa Falls, Wis., are spending the week with her mother, Mrs. Anna Nader, and other relatives.

The board of sugar rationing for canning will register you at the school building next Monday and Tuesday evenings from 7 to 9 for your summer canning, unless you already registered this week Monday or Tuesday.

The June committee of the Woman's Society of Christian service will sponsor a dessert luncheon and card party at the village hall on Thursday afternoon, June 18. The dessert luncheon will be served at 1 o'clock and playing will start at 2 o'clock. There will be prizes. You are invited.

Mr. and Mrs. B. J. Hooper were Chicago visitors last Friday. Their daughter, Mrs. Trave Ellis of Belvidere visited her over Saturday and Sunday.

Mr. and Mrs. Arthur Sams enjoyed a pleasant vacation trip to Kentucky last week and visited relatives.

Camp Cahokia, a Catholic camp for girls, takes the place this year of the girls' camp on the Atwell farm on the Cedar Lake road near the village. It is owned and operated by the Catholic Daughters of America Camp Corporation and Miss Florence Mitchell of Chicago is president. Camp season is from June 27 to Aug. 22, and affords girls of 10 to 18 facilities for recreation in combination with interesting instruction and habits of orderliness and co-operation. There are a number of cabins and counselors for all. The camp is now being made ready for the girls.

Mrs. Emma Sorenson is spending the week with her daughter, Mrs. Blanche Paslowsky, at Graylake.

HICKORY

Mr. and Mrs. Max Irving and sons visited the George Olson home in Waukegan Sunday afternoon.

Mrs. A. T. Savage and Mrs. Nattie Wells visited Mrs. Fred Spring at Millburn Sunday afternoon.

Mr. and Mrs. Paul Atchison and family of Pikeville road and Mr. and Mrs. C. D. Atchison and son of Granite were Sunday dinner guests at the Warren Edwards home.

Mr. and Mrs. Ward Edwards and son, Richard, of Joliet, visited Saturday and Sunday at the Bert Edwards home.

Mrs. Mike Leable and daughter, Mrs. Warren Cockrell and baby from Wadsworth spent Sunday afternoon at the Carney home. Evening callers were George Leable, Miss Jeanette Leable, and Warren Cockrell.

Mr. and Mrs. Roy Heydecker of Waukegan spent Sunday evening at the Earl Crawford home.

Several from this vicinity attended the funeral of George A. Thompson at Zion Tuesday afternoon.

Mr. and Mrs. Albert Panzer and daughter, Arlene, of Libertyville visited the Gordon Wells home Sunday afternoon.

Mr. and Mrs. A. P. Wells and Mrs. Melissa Wells of Waukegan spent Sunday afternoon and evening at the Earl Crawford home.

Mr. and Mrs. Sidney Dillie of Lake Villa visited the Warren Edwards home Tuesday evening.

Mr. and Mrs. Roger Thompson and daughter, Miss Helen, from Buckingham, Iowa, and Mrs. William Thompson from Waterloo, Iowa, called at the Will Thompson home Tuesday noon on their way to Zion to attend the funeral of their brother, George A. Thompson. Mrs. William R. Thompson and niece, Miss Helen Thompson, were over night guests at the Will Thompson home.

MILLBURN

Mr. and Mrs. Charles Lucas spent Friday evening with their parents, Mr. and Mrs. Walter Lucas of Wadsworth, who were celebrating their forty-second wedding anniversary that evening.

Mr. and Mrs. Roy Bonner were dinner guests at the A. N. Trux home at Prairie View.

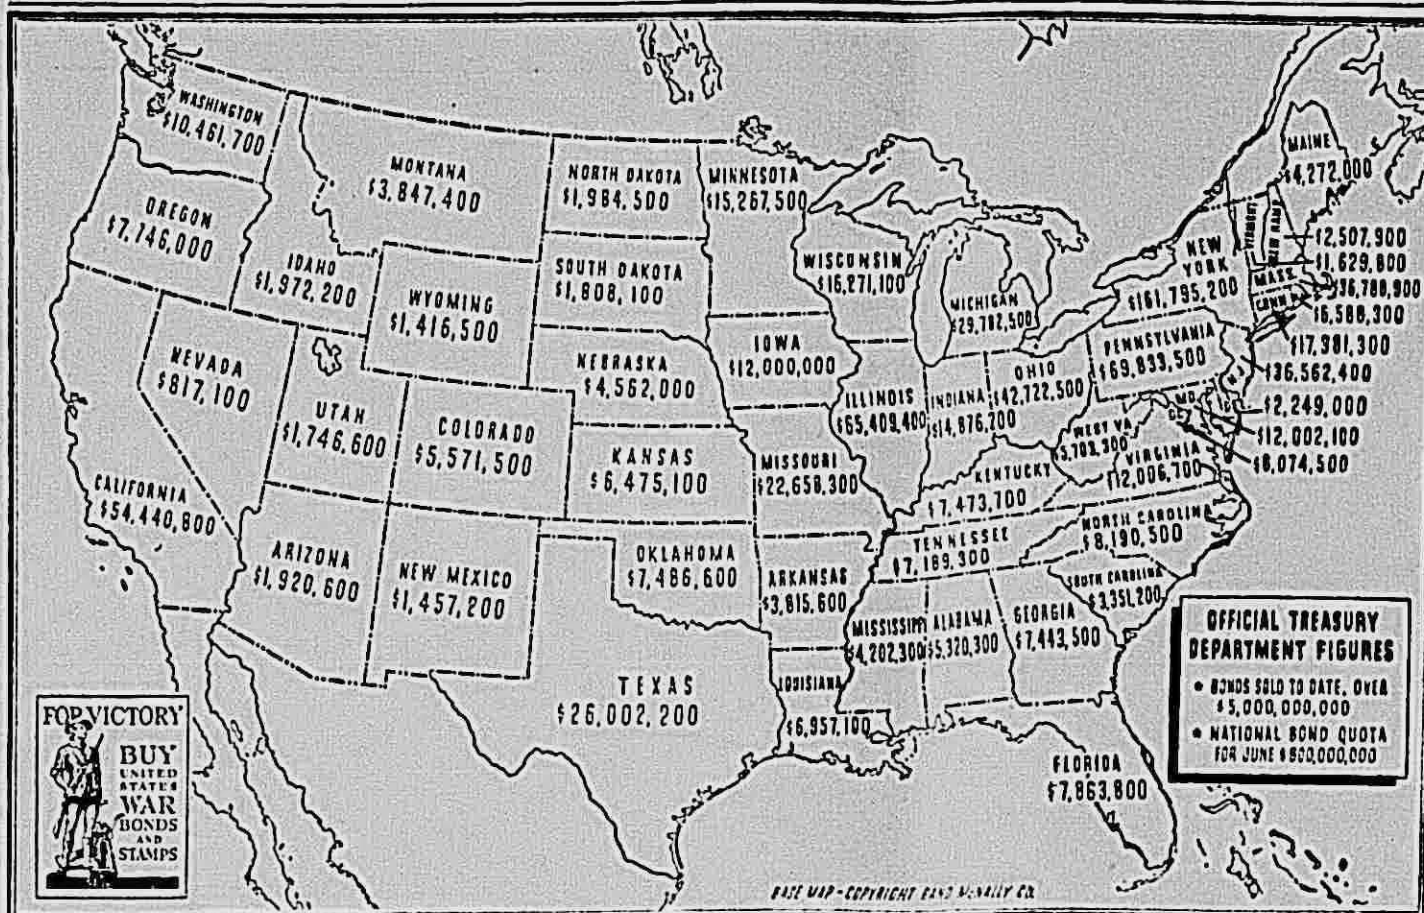

Mr. and Mrs. F. C. Semrow of Wauwatosa, Wis., spent Sunday with the W. C. Upton family.

Miss Billie Herrick, who has been attending school at Normal, Ill., returned home Monday for the summer. Children's Day services will be held at Millburn church Sunday at 10:30 o'clock.

Phyllis Hauser returned home Sunday after spending a week with her grandmother, Mrs. Charles Hoff, at Camp Lake.

Miss Shirley Hollenbeck of Highland Park spent Wednesday night

Official U. S. Treasury War Bond Quotas for June

The above map of the country shows the War Bond Quota by states for the month of June totalling \$800,000,000. Everybody every pay day is expected to invest at least ten per cent of his income in War Bonds to aid in financing America's offensive against the Axis powers.

The ultimate quota for the nation will be on a basis of one billion dollars per month effective in July. This sum is necessary to provide for all-out production of planes, guns, ships and munitions adequate to arm our fighting men with the tools necessary to win the war.

Official U. S. Treasury
ILLINOIS
WAR BOND QUOTAS
FOR JUNE

WASHINGTON, D. C., June 1.—Henry Morgenthau, Jr., Secretary of the Treasury, today made known June War Bond quotas for the 3,070 counties in the nation to all State and County War Savings Staffs.

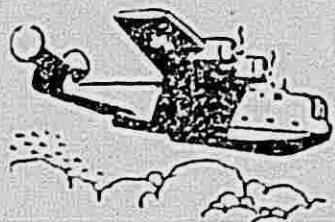

The June quota for the State of Illinois is \$65,409,400.

The county quotas, based upon a substantial increase over May quotas, are expected to reach ten per cent of income when the nation goes on a billion-dollar-a-month War Bond basis in July to help meet the war cost. "Everybody, every pay day, ten per cent," is the battle cry throughout the country. You can buy War Bonds at your Bank, Building & Loan Association, Post Office and at many department stores.

Quotas by counties are:

Adams, \$269,400; Alexander, \$42,800; Bond, \$45,000; Boone, \$64,100; Brown, \$13,200; Bureau, \$132,500; Calhoun, \$10,200; Carroll, \$92,600; Cass, \$51,600; Champagne, \$18,800; Christian, \$106,600; Clark, \$42,500; Clay, \$47,300; Clinton, \$45,000; Coles, \$159,700; Cook, \$49,518,300; Crawford, \$61,300; Cumberland, \$24,200; De Kalb, \$153,200; De Witt, \$71,800; Douglas, \$51,100; Du Page, \$516,800; Edgar, \$83,200; Edwards, \$17,600; Elgin, \$85,600; Fayette, \$121,900; Ford, \$47,700; Franklin, \$93,100; Fulton, \$145,600; Gallatin, \$11,300; Greene, \$44,400; Grundy, \$136,800; Hamilton, \$24,500; Hancock, \$58,000; Hardin, \$10,200; Henderson, \$5,900; Henry, \$165,200; Iroquois, \$32,400; Jackson, \$108,600; Jasper, \$23,000; Jefferson, \$96,600; Jersey, \$52,900; Jo Daviess, \$72,500; Johnson, \$6,000; Kane, \$758,700; Kankakee, \$225,200; Kendall, \$19,200; Knox, \$205,100; Lake, \$736,500; La Salle, \$526,800; Lawrence, \$47,900; Lee, \$111,000; Livingston, \$140,800; Logan, \$77,300; McDonough, \$101,400; McHenry, \$209,600; McLean, \$347,600; Macon, \$459,200; Macoupin, \$177,500; Madison, \$700,200; Marion, \$218,200; Marshall, \$41,100; Mason, \$41,000; Massac, \$15,200; Menard, \$18,400; Mercer, \$38,800; Monroe, \$24,500; Montgomery, \$112,600; Morgan, \$132,600; Moultrie, \$54,300; Ogle, \$111,900; Peoria, \$979,900; Perry, \$79,800; Piatt, \$41,600; Pike, \$42,000; Pope, \$3,500; Pulaski, \$19,000; Putnam, \$13,100; Randolph, \$76,300; Richland, \$69,800; Rock Island, \$590,600; St. Clair, \$701,900; Saline, \$95,900; Sangamon, \$508,200; Schuyler, \$11,200; Scott, \$13,400; Shelby, \$66,300; Stark, \$11,000; Stephenson, \$250,400; Tazewell, \$167,700; Union, \$56,600; Vermilion, \$276,100; Wabash, \$41,700; Warren, \$98,200; Washington, \$36,000; Wayne, \$54,500; White, \$67,100; Whiteside, \$176,200; Will, \$571,600; Williamson, \$104,600; Winnebago, \$821,100; Woodford, \$71,000.

U. S. Treasury Department

JOIN THE ATTACK ON TOKYO,
... YOURSELF!

Every person in America may not fly over Tokyo, but every one's dollars can help produce the bombing planes that do!

You, you, you, can join the attacks on Tokyo by saving at least 10% of your pay in War Bonds—by joining your company's pay-roll savings plan today or going to your local bank or post office and buying War Savings Bonds—at least 10% of your pay—every pay day.

Remember you can start buying War Bonds by buying War Stamps for as little as 10c and that you get a \$25 War Bond (maturity value) for only \$18.75.

U. S. Treasury Department

'Noiseless' Walking Free

Of Drastic Rubber Curbs

WASHINGTON.—Many forms of civilian transportation will be curtailed because of the war, but the government has no plans which will restrict "noiseless" walking.

There are plenty of shoes, plenty of leather for more shoes and nearly 125,000,000 rubber heels in reserve.

During the first nine months of last year, 203,972,000 rubber heels were manufactured for new shoes and about 125,000,000 for the repair trade.

The order which halted production of civilian tires and tubes provides for production of rubber heels, sneakers, tennis shoes, rubber boots, galoshes and overshoes at amounts not in excess of November production. Production then was "very high" and the order will have no effect on civilian purchases, officials said.

Girls Taking to Snuff

With smoking forbidden in British airplane and munitions plants, girls are taking to snuff, says a London dealer, and "trying not to sneeze."

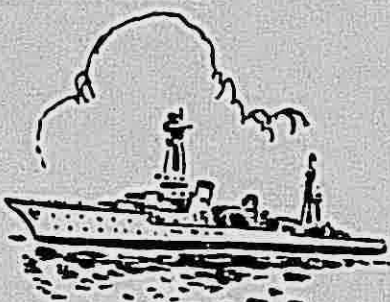

What You Buy With
WAR BONDS

The Aerial Camera for use on Scout and Observation and Reconnaissance planes is essential to both the Army and Navy air forces in planning battle formations and in obtaining information on enemy fortifications and movements. They look something like a cannon, and cost about \$3,400 apiece.

The aerial cameraman can plot wide territories in bold relief so that Army or Navy Intelligence can make accurate measurements of enemy territory. We need many of these cameras so necessary to the air arms of the Army and Navy. You can help buy them with your purchases of War Bonds. Invest at least ten percent of your income every pay day, and help your country go over its War Bond Quota.

Navy Cruisers are built in two classes, light and heavy, the latter displacing about 10,000 tons. Our navy has about an equal number of light and heavy Cruisers, the 10,000 ton Cruiser costing approximately \$20,000,000. Many Cruisers are under construction and many more are needed.

To pay for these speedy and powerful ships with their heavy guns and armament we must buy War Bonds. Citizens of a large town or a given community, working in unity, could buy one of these ships for the Navy if they put at least ten percent of their income in War Bonds every pay day.

YOU, Too,
CAN SINK U-BOATS
BUY
United States War Savings Bonds & Stamps

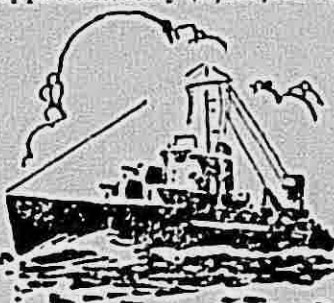

The 75-millimeter gun is a divisional weapon used by the Artillery as an anti-tank gun. It has been replaced to some extent by the heavier modern "105", known as the heavy divisional weapons. The 75-mm gun costs \$12,000 and has been converted by our Ordnance into a "blaster" twice as efficient as in the first World War.

This gun gets maximum power for minimum weight and cost, and the American people are providing the finance through the purchase of War Bonds. If you do your share and invest 10 per cent of your income in War Bonds, adequate supply of this efficient gun can be assured our fighting forces. Buy War Bonds every pay day.

U. S. Treasury Department

Ships of the Destroyer type comprise the bulk of our fighting ships in the American Navy. Their average displacement is about 1800 tons, and they are fast, powerful, and hard hitting. They have been particularly effective in convoy duty and gave a good account of themselves in the Coral Sea engagement. They cost approximately \$3,600,000 each.

Every Navy shipyard is turning out Destroyers in record time. They are essential for our two-ocean Navy. Purchase of more and more War Bonds will assure all-out production of these vital units for the Navy. Buy every pay day. If everybody invests at least ten percent of his income in War Bonds we can do the job.

U. S. Treasury Department

What You Buy With
WAR BONDS

Aside from the sixty-mile an hour Mosquito Torpedo Boats, the Sub Chasers are the speedsters of our Navy. Light and fast, they are the eyes of the Fleet on the water. They displace approximately 1,500 tons and cost about \$2,400,000 each.

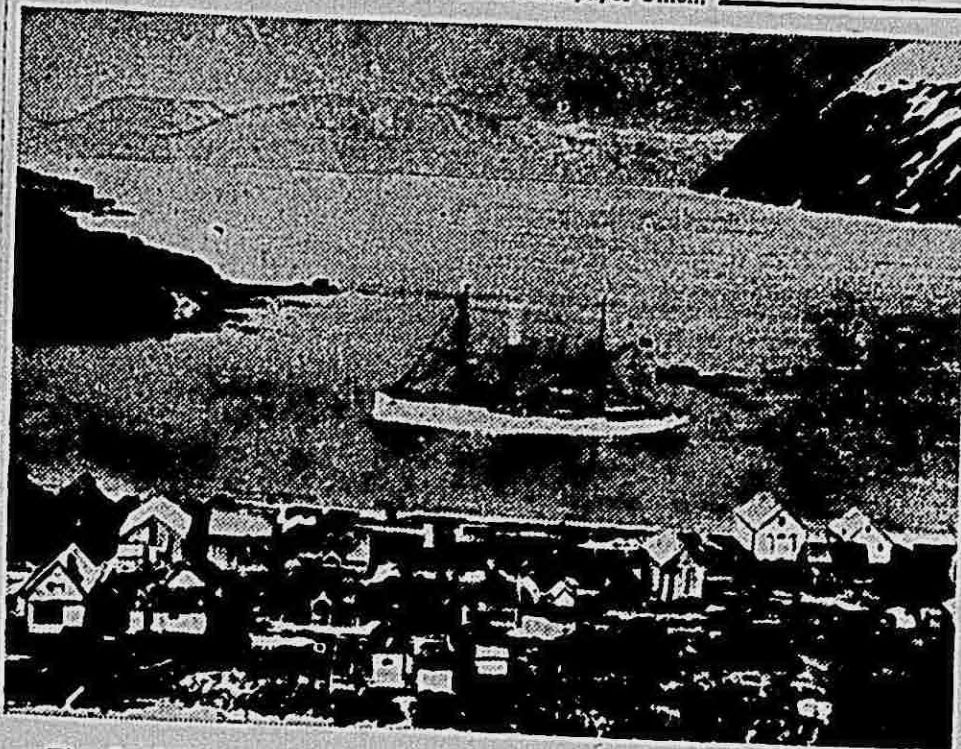

We need many of these powerful, fast little boats to cope with the treacherous submarine type of naval warfare fostered by our enemies. Everybody can help pay for more Sub Chasers by putting at least ten percent of his income into War Bonds. Buy Bonds or Stamps every pay day. Buy them from your bank, your post office, or from your office or factory through the Payroll Savings Plan.

WEEKLY NEWS ANALYSIS

Jap Air Thrust at Alaska and Midway Seen as Reprisal for Doolittle Raid; U. S. Declares War on Balkan Nations; RAF Smashes Reich War Industries

(EDITOR'S NOTE—When opinions are expressed in these columns, they are those of the news analyst and not necessarily of this newspaper.)
Released by Western Newspaper Union.

The harbor and town of Dutch Harbor, Alaska, U. S. naval base raided by Japanese bombers, is shown above. The air and naval base which threatens Japan's northern flank and forms a "springboard" for eventual offensives against Nippon is around the point to the left.

ALASKA FRONT: Japan Strikes

As had been expected ever since General Doolittle's spectacular air raid on Japan last April, Japanese warplanes struck at the American base at Dutch Harbor, Alaska. The first two attacks occurred within six hours of each other.

The fact that fighter planes accompanied the bombers on their raids indicated that the Japs came from aircraft carriers, since the nearest enemy island is 1,400 miles away—far beyond the range of fighter craft.

Significance of the Jap attack on the most formidable American position in the Aleutian islands is that Alaska and the Aleutian archipelago lie across Japan's exposed northern flank. They offer an effective "spring-board" for eventual offensives against Nippon.

By neutralizing Alaska and knocking out American air bases, Japan would protect its flank, delay indefinitely the possibility of American invasion via this route and shut off communications and supply lines to Russia in the event of a Nipponese attack on Siberia.

Midway Island

When Jap task forces undertook an attack on Midway Island, nearest American base to Japan, 24 hours after the Dutch Harbor assault, the growing power of American air and naval strength manifested itself.

Admiral Chester W. Nimitz, commander of the Pacific fleet, announced that his forces had damaged a battleship and an aircraft carrier and exacted a heavy toll of attacking planes.

BALKAN FOES: U. S. Acts

President Roosevelt asked for and obtained a declaration of war by congress on the three Nazi-stooge governments of Bulgaria, Hungary and Rumania.

On the home front this newest war move meant a general round-up of enemy aliens of these nations and a freezing of their funds.

On the European front it was calculated to produce a two-fold effect. It would underline closer American collaboration with Russia which long has desired such an action and contribute hearteningly to the Soviet's morale. It would serve notice on Hitler's three Balkan allies that they could not escape the consequences of their association with him. Few, however, expected America's war effort against the three new enemies to go beyond speeding up shipments of essential materials to Russia.

WAR WEAPONS: Army Has Plenty

Expanding power of Uncle Sam's army was disclosed in a report of Undersecretary of War Robert P. Patterson, who revealed that the army has all the weapons it can send abroad under present shipping conditions and enough to arm every soldier in the United States.

Mr. Patterson said the army today requires twice as many light arms per 1,000 men as it did before the extensive use of parachute troops.

SALVAGE PROGRAM: Patch and Pray

Greater civilian co-operation with the salvage program to speed up the flow of scrap metals and rubber loomed as William L. Batt, chairman of the requirement committee of the War Production board, warned that industry must get ready to "patch and pray."

Mr. Batt disclosed that many essential war materials are now short and declared that "our civilian economy is fast going on a minimum subsistence standard."

RAIDS ON REICH: RAF Sows Havoc

As air raid after air raid by the RAF wrought destruction in the heart of German war producing areas, the pattern of this newest offensive became increasingly clear; smash the industrial plants that produce materials for Hitler's armies; dislocate the railways that carry these products to his forces in Russia; shake the Nazi civilian morale.

How well these objectives were succeeding was indicated by British communiques. A damaging raid on Cologne was followed by two crippling blows at Essen in the Ruhr valley, concentration point for half of Germany's heavy war industries. Bremen, the Reich's second largest port, was next on the schedule.

In the first Essen raid, 1,036 British planes converged over the Krupp munitions works, showering down 3,000 tons of explosives and incendiaries. The second installment, in the nature of a mop-up was designed to slow down Nazi repair efforts.

While German propaganda continued to minimize the extent of the raids, the outlook was undeniably gloomy.

But the Reich itself was not the only target of the British planes. In one 12-hour daylight period, the RAF hurled more than 1,000 planes in relays over northern France, fanning the flames of revolt among French patriots.

WAR BONDS: More Sales Needed

"Do I really need what I am going to buy? Can't I do without it? Won't it wait until after the war?" Americans were urged by Secretary of the Treasury Henry L. Morgenthau to ask themselves these questions before making any purchases. The point of the secretary's plea was that the buying of war bonds transcends any other purchase.

"Any man or woman who chooses this time to go on a buying spree is committing an act of sabotage against our war effort," Mr. Morgenthau said in a nationwide radio address.

Unnecessary spending, he added, drains money from the defense program, creates greater price pressure and encourages inflation. More and more purchases of war bonds, he said, are the antidote.

NAVY BILL: Billions for Ships

Two facts of prime significance to the future conduct of the war stood out in the provisions included in the new \$10,452,000,000 naval expansion program over which congress deliberated as a means of giving the United States the largest navy in the world.

These facts were: 1. The emphasis on the construction of aircraft carriers; and 2. The absence of battleships from the proposed naval building program.

The program clearly emphasized the United Nations high command's belief that aircraft and fast, lighter ships equipped to fight submarines will be a determining factor in winning the war.

The naval building program, introduced by Chairman Carl Vinson of the house naval committee, would provide \$6,300,000,000 for more than 500 new fighting ships over and above the current two-ocean navy plan. It would include many aircraft carriers, cruisers, destroyers and convoy escort ships specially equipped to fight submarines.

Representative Vinson reported that 100 new warships will join the fleet during the remaining seven months of this year. He predicted that the two-ocean navy program would be completed in 24 months.

WHEAT STORAGE: Wickard Gets Bins

The answer to a question that has troubled Secretary of Agriculture Claude R. Wickard for weeks past came from the War Production board in the form of a "Yes."

The "Yes" was that he can have a large supply of lumber and wire nails to build bins on thousands of farms for storage of 200 million bushels of excess wheat.

With grain elevators already pressed for storage space and transportation facilities straining under a war-time peak, the problem of what to do with surplus wheat was becoming serious. With an estimated new crop of 811 million bushels added to a 630 million bushel carryover, the United States would have 1,441,000,000 bushels this summer.

Domestic consumption and immediate shipments abroad would take 721 million bushels. Of the 718 million bushels remaining, storage space would be available for 500 million bushels. The remaining 218 million bushels would have to be stored in farm bins built with lumber and nails.

GASOLINE: Permanent Rations

From Washington came the announcement that a permanent gasoline rationing system had been devised by the Office of Price Administration for the East coast that would entitle motorists to an average of 2,880 miles of travel annually, or about 55 miles weekly.

It was indicated that the system would become effective on July 15. Observers were of the opinion that the new plan might serve as a model for nation-wide gasoline rationing when that measure is deemed essential to conserve rubber tires.

The new plan would eliminate the controversial "X" cards entitling their holders to unlimited quantities of gasoline.

LABOR FRONT: Lewis Denounced

Accusing his former close friend and associate John L. Lewis, head of the mine workers of being "Hell bent on creating national confusion and national disunity," Phillip Murray, CIO president, sponsored a resolution declaring that Lewis is "attempting to sabotage the defense program and spread the spirit of defeatism."

Murray charged that Lewis proposed to him that they go before the CIO convention, in Detroit last fall and fight President Roosevelt's foreign policies. He said he rejected the proposal as "treasonable."

The CIO blast followed by only a few hours a pledge from Mr. Lewis of his full support of the war effort and flat rejection of criticism that his policies are inimical to victory.

'HANGMAN'S' END: Czechs Pay Price

REINHARD HEYDRICH
"Butcher of Moravia"

Reprisal measures which followed the wounding of Reinhard ("The Hangman") Heydrich in Prague, by a Czech patriot, increased in swiftness and severity when the news of the death of this sadistic executioner became public. The shooting of hundreds of Czechs suspected by the Nazis of complicity in the plot to rid the world of Heydrich was reported.

Ironically enough, the "butcher of Moravia" died in much the same manner as hundreds of unfortunate hostages he had ordered shot in France, Holland, Belgium, Norway, Poland and other countries during his hated career.

Hard-bitten Heydrich earned the sobriquet of "Der Henker" or hangman of the Nazi regime by reason of his ruthless application of repressive measures—usually the firing squad or the gallows—against those who dared challenge Hitler's rule.

The successful attack on this Nazi leader emphasized again the smoldering spirit of unrest in German-occupied countries—a spirit ready to flame high when Reich reverses make possible organized uprisings.

MISCELLANY:

BERNE.—German beer drinkers will find their favorite brew less potable from now on, according to Nazi announcements. Hereafter, no beer may be manufactured from malt, the basic ingredient for food in tablet form needed by the Reich's fighting forces on the Russian front. The "no malt" order followed the announcement that dining cars would no longer be operated.

HEALTH HINTS for LIVESTOCK

PREPARED BY AMERICAN FOUNDATION FOR ANIMAL HEALTH

CHOLERA SYMPTOMS MAY BE DECEIVING

Hog Cholera, greatest killer of American swine, appears in more disguises than a Japanese spy. Very often it kills so quickly that body tissues reveal only vague marks of the infection. At other times the lesions of certain germ-borne swine diseases that a laboratory investigation is required to tell them apart.

Swine of all ages may die of hog cholera with symptoms that resemble those of poisoning; others may show fits, convulsions and nervous symptoms that simulate a brain disorder; still others may linger many days with weakness, dysentery and vomiting as the only outward signs of the disease.

Frequently one or two pigs in a herd die suddenly ten days to two weeks before the balance of the herd sickens. Often an owner mistakenly believes that the first dead pigs were injured, and neglects having his veterinarian perform an autopsy.

This complexity of symptoms, and the rapidity with which cholera kills are reasons why authorities urge vaccination of all pigs as a matter of sound insurance. Owners whose herds have been properly immunized against hog cholera are freed from the constant, haunting worry of looking for suspicious symptoms. They are never forced to send their herds to market at unprofitable weights simply because cholera has appeared in the community.

Farmers whose hogs have not been vaccinated should be on the lookout for the following danger signs: A tendency to snuggle beneath hog house bedding, gumming together of the eyelids; a swaying or wobbly gait when moved; deep red discoloration of the

belly surface, persistent scouring, vomiting, fits or convulsions. Fever is constant.

Symptoms which might be cholera—or several other diseases.

There is no known cure for hog cholera. However, prompt diagnosis and immediate use of large doses of serum may help to salvage a profitable number of hogs in cholera-stricken herds, if the disease has not progressed too far.

Close cooperation between hog owners and their veterinarians on all matters involving sanitation, disease symptoms and timely seasonal preventive immunization will cut the country's multi-million dollar swine disease losses to a low minimum. With hogs at present high prices the owner who lets his herd go without protection against this disease is taking a very foolish gamble.

ATTACK! ATTACK! ATTACK!

America's attacking on both the fighting front and the home front today! We're giving the Axis a bitter taste of what's to come. We're fighting the inflationary fish column that blows prices sky high here at home, too. And every one of us who saves at least 10% of his pay in War Bonds is an important soldier in the attack! Join the attack yourself!

Tapped Out
In the language of musicians, "tapped out" means dead broke.

'Kettle of Fish'
"You certainly got us into a pretty kettle of fish." In old-time salmon fisheries, according to one story, a so-called kettle net was used. The confusion of the mass of fish when the net was drawn in led to the use of the phrase.

Where We Get Book
The word "book" comes from the beech tree, the word being derived from "Bece," the Anglo-Saxon word for "beech." The early Anglo-Saxon scribes kept their records on slabs of beech wood called beechen boards.

Pointers
The first two stars in the Big Dipper are called the pointers because they point to the North Star.

Pocket Gophers
Pocket gophers derived their name because of their very large cheek pouches.

WANTED—Girl for bakery and restaurant. Konig's Bakery, Tel. Antioch 381. (44c)

ANTIOCH MARKSMEN BEAT OPPONENTS 99 POINTS IN CONTEST

Results of good training in marksmanship were shown when a team of Antioch sharpshooters who recently completed their course of training won by 99 points over a rival team in the first meet of the kind held at Deerfield on June 3.

Leading the Antioch team with a total of 189 points out of a possible 200 was Ben Van Duzer, who had an almost perfect score in one of the position shots—49 out of a possible 50 points for perfect. Other members of the Antioch team were Bob Mann, Mr. and Mrs. Lloyd Atwell, Homer White and Miss Ruth Boyson.

The marksmen fired from four positions—standing, kneeling, sitting and prone. The opponents were picked from a class that had also recently completed the course in marksmanship. Rangemaster was John Sobey, marksmanship instructor, of Antioch. All those who have completed the course are now qualified as instructors.

Acting as temporary officers pending the permanent organization of the club here are: William E. Brook, president; Homer White, vice-president; Bob Mann, secretary; Mrs. R. E. Mann, treasurer; Lloyd Atwell, Lake Villa, rangemaster; Ben Van Duzer, assistant rangemaster; James Stearns, pistol range master.

The club uses .22 caliber army rifles, but members are requested to supply their own guns if possible. Ammunition will be supplied at cost. There are no membership dues.

WANTED—Week-end cook, woman or man; also week-end bartender and a dishwasher or all around helper, woman or man. The Roundup, Tel. 389. (44c)

WANTED—Girl for general housework. No washings. Small family, \$7 to \$12. Tel. 57. (44p)

HELP WANTED—Mother's helper (for summer) in Rogers Park, Chicago. High school girl over 16 to assist care of 2 children—other help kept—nice home. Transportation provided. \$8.00. Write, stating full qualifications. References exchanged. Murphy, 6422 Lakewood avenue, Chicago. (44c)

WANTED—Have room for 2 passengers wanting to ride to No. Chicago to work, daily. Inquire Robert Griffin, 844 Park avenue. (44p)

WANTED—Boy to take care of lawn and to drive car. Mrs. W. W. Adams, Tel. 180R. (44p)

WANTED TO BUY—Small saddle for Shetland pony. Tel. Antioch 186-W-2. (44c)

LOST

LOST—Collie dog, tan and white raff. Answers to name of Bruce. Reward. Phone 57. (44p)

W. BOSS
Carpenter contractor. Remodeling, professional floor sanding. Lake Villa 3418. (36tf)

QUICK SERVICE
WE DO all kinds of Roofing—slate, tile, copper, asphalt, buildup and tar and gravel. We also have asbestos, 12-inch insulated and asphalt siding. Burlington Roofing and Heating Co., Tel. 574, or 704 Chestnut St., Burlington, Wis. (17tf)

CANNIBALISM IN FLOCKS HARMFUL

Poultry Vices Will Cause Serious Chick Losses.

By L. M. BLACK
(Extension Poultryman, Rutgers University.)

Poultrymen aiming to produce food to help win the war can't afford to tolerate cannibalism in their flocks. Such chick vices as toe-picking, tail-picking, feather-pulling, litter-eating and extreme cannibalism cause serious losses in chick population annually, yet they can be controlled by applying a few fundamental principles of management.

Overcrowding of chicks is one of the important causes of poultry vices. Straight-run chicks should not be brooded in units exceeding 300

Courtesy U. S. Department of Agriculture. Little Mildred Beyer, age 4, of the Hoosier State, with her pet chick.

to 350. Cockerels should be removed as soon as they can be distinguished.

When sexed pullet chicks are started, 200 to 250 chicks should be allowed per unit and provision made to divide the pullets into smaller groups by the time they reach six weeks of age. Covering the litter with newspapers or other material for the first few days will be helpful in preventing the chicks from filling up on litter.

Distribute Light Evenly.
An attempt should be made to distribute light evenly over the floor area to cut toe-picking losses. Feed and tepid water should be supplied when the chicks are first placed under the brooder hover.

Houses should be well ventilated. A high brooder house temperature is one of the chief reasons for the appearance of feather-picking habits. The aim should be to maintain the heat beneath the brooder canopy and to regulate the house openings so that the house is fairly cool. Scratch grain feeding should be practiced from the start and whole oats offered the chicks when they reach the age of three to four weeks. Grit will enable chicks to crush the oat fiber and prevent its accumulating in their gizzards.

These few rules of management, if observed by a careful operator, will go a long way towards reducing chick and adult losses. And that will contribute materially toward meeting the egg and poultry meat goals of the "Food for Freedom" program.

Feeding Shade Trees
In reviewing an excellent new book which has been recently issued concerning the maintenance of shade trees, it was not at all surprising to note the emphasis placed on feeding as a preventive of disease.

The author, a specialist in diseases of trees, reiterates throughout the book that feeding promotes health and vigor in a tree and acts as an effective preventive against disease. However, the author warns against excessive feeding.

Feeding is mentioned as being a helpful factor in the control or prevention of canker, wood decay, wilts, leaf blights, some fungus troubles that cause die-back, and twig blight, as well as in the prevention of borer infestation.

Disease is most prevalent on trees that are not making vigorous growth. Therefore trees should be fed, and given the other routine care that will maintain them in a healthy condition.

Very early spring is an excellent time to feed your trees. Use a complete balanced plant food and apply as directed.

U. S. Food Exports To Great Britain

The British normally produce only 37 per cent of their own food. Their food consumption per capita was almost equal to ours before the war, but due to the high rate of sinkings, it dropped to 27 per cent below pre-war levels last winter. With our help, this has come up to within 13 per cent of the pre-war level, and due to the high food value of our Lend-Lease food exports, their present level of nutrition is only 5 or 6 per cent below the pre-war level.

Lake County Camera Clubs to Have First Exhibit During July

The Lake County Association of Camera clubs will exhibit its First All-Lake County Salon during the month of July at the Waukegan Public library. Since its organization four years ago, the Association has presented four highly successful exhibits of black and white pictures, and for the last two years, an exhibit of Kodachrome slides. However, these exhibits were open only to member clubs of the group. The present Salon is open to anyone living in Lake County or any member of a Lake County Camera club.

Since the aim of the Association is to encourage photography as a truly pictorial and artistic medium and to foster the knowledge and appreciation of its possibilities, the Association felt that an invitational salon would help to bring the attention of the people of Lake County to the work of all those who are interested in pictorial photography.

Entries in the show are limited to four prints from each entrant, and are to be accompanied by U. S. War Savings Stamps totaling 50 cents. All prints submitted should be mounted on standard light-toned 16 x 20 inch mounts to be hung either horizontally or vertically. The final entry date is June 20th. Complete information and copies of the rules and entry blanks may be obtained by writing to Secretary, LCACC, 846 Hickory street,

Shunneson's Resort Under New Management

Shunneson's Resort, long a popular hotel on the east shore of Grass Lake, is now being operated under the management of Mr. and Mrs. J. Farrin.

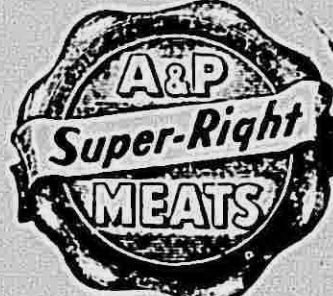

For the past nine years Mr. and Mrs. Barney Shunneson have been proprietors, taking over following the death of Mr. Shunneson's father, William Shunneson, who built the resort about 20 years ago.

Mr. and Mrs. Shunneson say they are thankful to their friends for their patronage, and Vida puts that sentiment in rhyme—Thanking you, and you, and you—The Shunnesons now bid adieu. Signed Barney and Vida.

'Trojan Horse'
"Mumao," or "wooden cat," is a Chinese name for mousetrap.

Vocational Ag. Man Taking Special Courses at University of Illinois

C. L. Kutil, instructor of vocational agriculture and Future Farmer adviser of the Antioch Township High school, is in attendance at the University of Illinois this week, where he is taking two intensive courses and in addition attending evening sessions of the Illinois Vocational Association of Agriculture Teachers.

He is studying the more recent problems in fruit and vegetable production in the afternoon classes and part time and evening schools for adult farmers in the forenoons.

Kutil expects to be back Saturday of this week.

Use of Ball Bearings
Steel ball bearings, resembling roller skates, are used by scientists to study the structure of all sorts of materials.

Notice!

All property owners and tenants must cut all Canada Thistles and noxious weeds before they go to seed.

By Order of
HENRY QUEDENFELD
Thistle Commissioner
ANTIOCH TOWNSHIP

"Help Keep Our Township Free of Weeds."
